

## Former President Dwight Eisenhower Addresses Annual Times Dinner

### YOUTH CENTER ISSUES APPEAL FOR DONATIONS

The Gettysburg Youth Center Wednesday addressed letters to 215 professional people and business places in Gettysburg, and those serving Gettysburg, asking donations toward a fund of \$20,000 for the new center.

John E. Settle Jr., treasurer of the center, said additional letters will be sent in the Gettysburg area in succeeding weeks.

The money is to pay off the cost of the ATO house on N. Washington St. recently purchased by the Youth Center committee. The letters state: "To look at this figure (\$20,000) alone, it would appear to be staggering. However to spread out the responsibility of meeting this expense over a community of 13,000 adults, it is quite minor indeed. . . . Actually it is an investment in the future of Gettysburg. You are being asked to do no more than to insure that our historic community will be a wholesome and exemplary place for our younger citizens."

### OTHER BUSINESS

The letter is signed by Settle as treasurer, President John Smith, Vice President Gerald Bixler, Secretary Harvey Harmon and Walter B. Lane.

Other business at the meeting at the center Wednesday night included a report by the treasurer of \$24 in the youth fund and \$394 in the building fund after making the down payment on the building.

Plans were announced for the center to be open Friday evening from 7:30 to 11 o'clock with Dick Lehman in charge of a recorded music dance. Saturday the center will be open from 7:30 to 11 p.m. with Bill Lutz as the disc jockey.

Youth memberships with dues of 35 cents a month will be available both nights to those interested in joining the center.

### ANNIVERSARY DANCE

Betty Reed reported plans for the first anniversary dance to be held January 26 with Phil Young's orchestra providing the music.

Chris Angelo reported a meeting of the Adams County Athletic Club will be held tonight at 7 o'clock at the center. All interested in joining the club are invited to attend.

### KIWANIS CLUB HOLDS SESSION

"Kiwani Education" was the theme Wednesday evening at the meeting of the Kiwanis Club at the Lamp Post Tea Room. The session was held Wednesday instead of Monday because of the holiday.

William Ditzler and Ernest Krape were in charge of the program in which they outlined the point system adopted by Kiwanis International in grading all of the club activities, went over the Kiwanis rules and regulations as set forth in the standard bylaws of the clubs and reported on growth of the organization.

The local Kiwanis, learning that the first Kiwanis Club in Mexico was established last year, recommended that the officers obtain a Mexican flag to join the U.S. and Canadian flags displayed at each meeting to represent the clubs in the U.S. and Canada.

Richard Ryan, Los Angeles, Calif., a former movie stunt man, was a guest of Wayne Cluck at the meeting.

President Roy Thomas presided at the meeting, the last for his term of office. He also presided at a board of directors meeting following the session.

### YOUTHPOWER CONTEST SET

Some Adams County schools are being contacted by members of the Pennsylvania Youthpower Congress committee from Adams County seeking entries for the state youthpower contest. Members of this county committee include: Mrs. Pauline Crouse, Gettysburg R. 6, chairman; Mrs. Calvin F. Bream, Gettysburg R. 3, and Mrs. Otis Livingston, Abbotstown R. 1.

Any boy or girl between the ages of 16-19 inclusive may enter the Youthpower Congress contest by completing an essay or doing some research work on food and

### Dr. L. D. Folkemer's Father Dies At 73

Paul I. Folkemer, 73, Baltimore businessman and Lutheran layman, died Tuesday. He was president of the Lutheran Laymen's Movement for Stewardship of the United Lutheran Church in America and traveled throughout the United States and Canada in the interest of Christian stewardship.

Mr. Folkemer, owner of a photographic business in Baltimore for more than 10 years, is survived by his widow, Mrs. Laura Becker Folkemer; four sons, the Rev. Dr. Lawrence D. Folkemer, Gettysburg; the Rev. Gordon E. Folkemer, York; and Paul L. and the Rev. Carl W. Folkemer, Baltimore, and 11 grandchildren.

The funeral was held today at 2 p.m. at Christ English Lutheran Church, Baltimore. Burial was in Loudon Park Cemetery, Baltimore.

### FORMER ADAMS COMMISSIONER DIES SUDDENLY

G. Edward Taughinbaugh, 68, Hunterstown, who served eight years as an Adams County commissioner, died this morning at

G. E. TAUGHINBAUGH

4:45 o'clock at the Warner Hospital after having been admitted earlier this morning. He had been under a physician's care for some time because of a heart condition.

Mr. Taughinbaugh was a native of Adams County and a son of the late John L. and Mary Jane Hudson Taughinbaugh.

For several years he had been serving as an inspector for the Pennsylvania Department of Highways.

**ELECTED IN 1947**

A Democrat, he was elected an Adams County commissioner in the fall of 1947 and served two four-year terms.

He was a member of the Great Conewago Presbyterian Church at Hunterstown and was president of the church's cemetery association. He was a member of Good Samaritan Lodge No. 336 of the Gettysburg lodges of the Elks and Moose. He was a member of the Hunterstown Ruritan Club and the American Society of Highway Engineers.

Surviving are his widow, Mrs. Ethel M. (Thomas) Taughinbaugh, and six children: Mrs. Daniel E. Davis, York; John F., York; Miss Doris M., at home; Dale E., Gettysburg R. 4; Mrs. John W. Deatruck Jr., Gettysburg R. 1, and Jere W., Gettysburg R. 4. There

### BOARD TO MEET

A regular meeting of the board of directors of the Adams County Society for Crippled Children and Adults will be held next Wednesday afternoon at 4:15 o'clock at the Methodist Church, according to notices issued by the secretary, Miss Grace C. Kenney.

### Four Small Children Die In Frame House Fire

ELKINS, W. Va. (AP) — Four small children were burned to death early today in a fire which destroyed their little three-room frame house at the nearby town of Valley Bend.

Their parents, Mr. and Mrs. Roy Collins, and another child were burned by the flames.

Collins, 30, made a frantic effort to rescue the four youngsters after dragging his pregnant wife to a nearby road in the 20 degree temperature and deep snow.

Mrs. Collins, 24, was in critical condition in Memorial General Hospital here with first and second degree burns over her body. Her husband was badly burned about the face, hands and feet.

**PARENTS IN SHOCK**

Both parents were in shock. The surviving child, Kenneth

### FIRE GROUPS RESPOND TO FALSE ALARM

York Springs, Biglerville and Heidlersburg Fire Companies apparently were summoned to a false alarm Wednesday evening at 5:13 o'clock.

Recorded on tape at the Quick Call center here is the voice of the person who gave the alarm. A woman reported that there was a fire in Heidlersburg, that Heidlersburg firemen were at the scene and needed help. She said she resided across the street from the scene, and that the fire had just broken through the roof.

The woman had dialed the telephone operator for assistance in getting more firemen to the scene, and the operator in turn dialed the Quick Call center here.

The woman told Donald Jacobs that the firemen should come to the center of town and turn left if they were coming from the Gettysburg area.

### QUERY OTHERS

Jacobs immediately dispatched Biglerville and York Springs, the nearest companies, to the scene. They arrived a few minutes later and seeing no smoke queried residents as to the location of the fire.

Heidlersburg firemen, who knew nothing of any blaze in town, responded and the three companies, York Springs, Biglerville and Heidlersburg, then searched in vain for the blaze.

The Quick Call center called the telephone operator at Hanover who had handled the alert and learned that the woman who had phoned in the alarm had called through the York Springs exchange.

Firemen queried in vain companies in Cumberland and York County about a fire.

### Mrs. Hudson Dies Wednesday At 90

Mrs. Jennie Hudson, 90, widow of Dr. Edward D. Hudson, died Wednesday evening at the Pape Convalescent Home where she had been a guest for five months.

She was a native of Adams County and a daughter of the late Frank and Marie Josephine (Reaver) Rosensteel. She was a member of the St. Francis Xavier Catholic Church and was a past president of the Ladies of the G.A.R. She also belonged to the Auxiliary of the Fish and Game Association.

There are four grandchildren and seven great-grandchildren surviving, in addition to these sisters: Mrs. Margaret Swartz, Gettysburg; Mrs. Irene Ziegler, Hagerstown, and Mrs. William Alwine, Gettysburg.

Funeral services Saturday morning, meeting at the Bender Funeral Home at 8:15 o'clock with a requiem Mass at St. Francis Xavier Church at 9 o'clock. The Rev. Fr. Joseph Kealy will officiate. There will not be a viewing but the Rosary will be recited at 8 o'clock Friday evening at the Funeral Home.

### BAKER WILL FILED

The will of Maud E. Baker, late of Hamilton Twp., has been entered for probate at the office of the county register and recorder. Two daughters are the heirs and executors of the \$15,200 estate. Fannie B. Nace, Abbotstown R. 1, and Viola E. Smith, Hanover.

### COMMITTEE TO MEET

The Black Walnut Boy Scout District committee will meet this evening at 8 o'clock at the West St. bank. Plans for 1963 will be discussed, President Melvin Worley said.

### BLOOD DONORS

### Honorary Member Of Times Staff

Former President Eisenhower is presented a certificate emblematic of his appointment as an honorary member of The Gettysburg Times staff after addressing the company's annual dinner in the Hotel Gettysburg Wednesday evening. (Times photo).

### Eisenhowers Leave Today For West

General and Mrs. Eisenhower are scheduled to leave Gettysburg at 5:30 o'clock this afternoon for Harrisburg where they will board a private car, provided by the Santa Fe Railroad, for a winter vacation in California. It will be a working vacation, also. They are expected to arrive at the Pennsylvania station shortly after 6:15 o'clock. The car will be attached to a Pennsylvania train leaving Harrisburg for the west early Friday morning.

The Eisenhowers will vacation at a cottage which they purchased several months ago at Palm Springs, Calif.

General Robert L. Schulz, General Eisenhower's executive assistant, will accompany the former first family to California.

### CHARGE SON, 18 SHOT HIS DAD

Glenn Maurice Plank, 18, Gettysburg R. 5, was placed in the Adams County jail Wednesday afternoon after entering a plea of guilty to charges arising from the shooting of his father, Cletus R. Plank, also of Gettysburg R. 5.

State police brought charges of pointing and discharging a deadly weapon and aggravated assault and battery against the youth before Justice of the Peace Robert P. Snyder about 1:30 Wednesday afternoon.

After pleading guilty to the charges, Glenn Plank was placed in the county jail in default of \$500 bail.

According to the officers, the charges arose from a shooting in an argument between the father and son about 10:05 Wednesday morning at the family home.

During the argument, according to the officers, the 18-year-old son secured a shotgun and fired at his father. The pellets struck the elder Mr. Plank in the lower legs and he was removed to the Warner Hospital for treatment to the injuries.

### BLOOD DONORS

The business session of the annual meeting will begin at 7:30 o'clock and will be preceded by a covered dish supper which will begin at 6:30 o'clock in the church social hall.

The council meeting was held at the parsonage, 650 Sunset Ave., when Dr. and Mrs. Paul L. Reaser were hosts to members of the Council and their wives with 20 persons attending. Final reports for the year were received from committees during the business session at which Luther Smith, lay president, presided. A social period followed the meeting.

### Officers Elected By Fire Company

The Arendtsville Fire Co. today announced officers recently elected who will assume their duties January 15 at a meeting of the company at 7:30 o'clock.

The officers are: Ray Flickinger, president; Robert Allison, vice president; Donald Heckenluber, secretary; Paul Hartman, treasurer; Ira Cutshall, financial secretary; Wayne Criswell, trustee; Clyde Sell, chief; Elliott Schosser, assistant chief.

### HAMPTON MAN DIES SUDDENLY THIS MORNING

Robert M. Spaide, 49, Hampton, died suddenly this morning at Kime's Garage in Hampton at 9:45 o'clock. Dr. C. G. Crist, the Adams County coroner, said the death was caused by a cerebral hemorrhage.

A machinist adjuster for the American Chain and Cable Company at York, he had returned home from work about 8 o'clock this morning. He took his car to Kime's Garage across the street from his home to be inspected.

He was watching John Kime, the proprietor of the garage, remove a wheel during the inspection when he suddenly slumped to the garage floor.

Dr. Leon D. Roos was called from East Berlin but found death had occurred and summoned the coroner.

### SERVICES MONDAY

A resident of Hampton for the last 21 years, he was a member of the Hampton Fire Company and the East Berlin Rod and Gun Club. He was a native of Blair County.

Surviving are his widow, the former Sarah Kimer; three children, C. Robert Spaide, York, and Edgar J. and Sharon, at home; a stepson, Glenn Morningstar, York; a grandchild and six step-grandchildren.

Funeral services Monday afternoon at 1:30 o'clock from the Pittenuff Funeral Home, York Springs, with the Rev. Harold Stoudt officiating. Interment in the York New Salem Cemetery.

Friends may call at the funeral home in York Springs Sunday evening from 7 to 9 o'clock.

### Annual St. James Meeting Jan. 22

The annual congregational meeting of the St. James Lutheran Church will be held Tuesday evening, January 22, by action taken at a recent meeting of the Church Council.

The business session of the annual meeting will begin at 7:30 o'clock and will be preceded by a covered dish supper which will begin at 6:30 o'clock in the church social hall.

The council meeting was held at the parsonage, 650 Sunset Ave., when Dr. and Mrs. Paul L. Reaser were hosts to members of the Council and their wives with 20 persons attending. Final reports for the year were received from committees during the business session at which Luther Smith, lay president, presided. A social period followed the meeting.

### Officers Elected By Fire Company

The Arendtsville Fire Co. today announced officers recently elected who will assume their duties January 15 at a meeting of the company at 7:30 o'clock.

The officers are: Ray Flickinger, president; Robert Allison, vice president; Donald Heckenluber, secretary; Paul Hartman, treasurer; Ira Cutshall, financial secretary; Wayne Criswell, trustee; Clyde Sell, chief; Elliott Schosser, assistant chief.

### Girl Jumps From Rafter; Breaks Leg

Wanda M. Hemler, 13, daughter of Mr. and Mrs. Francis Hemler, Thurmont R. 2, was treated at the Warner Hospital Wednesday for a fracture of her left leg sustained when she jumped about six feet from a barn rafter.

Harry Hahn, 14, son of Mr. and Mrs. Scott Hahn, Emmitsburg R. 3, received treatment Wednesday at the hospital for a partial amputation of the left ring finger, abrasion of the left little finger and minor laceration of the left third finger. He was injured at Emmitsburg High School where a ping-pong table fell on his fingers.

### OFFICERS OF ACAEA NAMED

Members of the executive committee of the Adams County Agricultural Extension Association today re-elected Joseph Stoner, East Berlin, president at the annual meeting of the group held in the Varsity Diner. They also re-elected Paul Pitzer, Biglerville, vice president; Mrs. Paul Redway, Seven Stars, secretary, and John Schwartz, Littlestown, treasurer.

Schwartz reported that a budget has been submitted and awaits approval by the committee, and R. C. Lott reported on the progress of repairs to offices the extension service will occupy in the Topper building later this month.

County Agent Frank S. Zettle and Mrs. Helen D. Tunison, home economist, discussed the agricultural and home economics programs. Duane Duncan reported on 4-H activities during 1962.

William Cochran, assistant extension director, PSU, discussed the responsibilities of executive committees of extension associations.

The afternoon sessions were devoted to a group discussion on the organization and execution of extension programs under the guidance of the executive committee. The talks were led by Howard Bonser, extension specialist in rural sociology at Penn State.

### Three Licensees Have Been Cited

Three Adams County establishments licensed by the state Liquor Control Board have been cited for alleged violations of the state liquor code. The licenses have been ordered to appear at separate hearings February 14 in Harrisburg.

Claude R. and Gladys B. Demers, who operate the Linden HHouse, 207-209 Linden Ave., Midway, are to appear for a hearing at 11 a.m.

Officials of Charles J. Gillian Amvets Post 172, Home Association, Fairfield, are to appear at 1:30 p.m. and a hearing for officers of the Home Association, North and Fourth Sts., McSherrytown, has been scheduled for 2 p.m.

### Busy 1962 Closes On Record Of Achievement By Adams County Folk

A busy 1962 for Adams County and accidents continued to take a grim toll and probably for the first time in history, Adams Countians were involved in three murders last year.

**C.D. STEPPED UP**

Civil Defense preparations were stepped up with shelter surveys and teacher-training classes being conducted. Much of the rush of activity came after the Cuban crisis had brought war near. More and more was heard of plans for the Civil War centennial this year.

These were some of the events and activities in various fields:

**AGRICULTURE:** The county started off the year by winning the award for best apples at the state Farm Show. Two countians, Clarence J. Waybright, Gettysburg R. D., and Robert C. Lott, Aspers R. 1, received the Master Farmer award. Dwight Eisenhower's

### Urges Strong Editorial Policy; Four Employees Join 25, 20, 15-Year Clubs

Mrs. Genevieve Raffensperger and Paul G. Pensinger became members of the "25-year club" of The Gettysburg Times at the 19th annual dinner of the organization Wednesday evening at the Hotel Gettysburg.

Mrs. Raffensperger, a member of the business office staff, and Pensinger, a foreman and machinist, joined the Times in 1937. They each received a silver beaker for 25 years of service.

Eighteen others who have been associated with the newspaper for more than 25 years were presented with beakers. They included: Vice President M. C. Jones, Bernard Maguire, Miss Rhoda Breighner, Ralph A. Menchey, Paul L. Roy, Carl A. Baum, Paul B. Ramer, John Raffensperger, Hunter Harness, Donovan Bream, Salena S. Menchey, George Kadwill, William Small, Mary Little, Donald Turner, Marie Noel, Hugh C. McIlhenny and James Harness.

### OTHER AWARDS

Miss Breighner, who joined The Times in 1920 and who has been retired for several years, received another recognition. In addition to the silver beaker, after the program General Dwight D. Eisenhower greeted Miss Breighner and commented on the fact that being retired generally means the individual gets into more activities than he took part in before.

Philip Hughes, a compositor, who joined the firm in 1942, received a wrist watch upon becoming a member of the "Twenty-Year Club." Mrs. Dorothy Luckenbaugh received a pen and pencil set for entering the "Fifteen-Year Club." She joined the staff in 1947.

President Henry M. Scharf, made the presentations and served as master of ceremonies. He introduced vice president Jones; secretary Attorney Franklin R. Bigham; treasurer Donald Fair; and directors John A. Hauser and John B. Keith.

Others introduced included William Zeigler, editor of the New Oxford Item and his assistant, Mrs. Leo Goulden; Parker H. Cunningham, manager of WGET, and the new employees of the newspaper and radio station.

### PRESENT SPEAKERS

"Honorary members of the Times staff," men who had spoken at previous dinners and who are guests at each succeeding dinner, were introduced. They included: General Willard S. Paul, Judge W. C. Sheely, Superintendent of Schools H. Edgar Riegle, retired

### General Eisenhower Urges Importance Of Adding Editorials

General Eisenhower urged the importance of adding editorials. "I think you're missing the opportunity to add a little hot pepper or at least a mild sauce to your daily product by serving up only an 'Out of the Past' column on your editorial page."

"My only complaint is that I have nothing to complain about. I can't argue with you about your editorials. I'd really like to find out more about the views of the men that are producing the paper, whatever they are, Republican, Democrat or nonpartisan. They're smart enough to be Republicans. I don't want editorials that necessarily agree with my views but we should be debating and discussing public problems at the local, state and national levels."

### MANY PROBLEMS

"There are many problems plaguing our country and little bureaucrats are making statements about many things, such as deficit spending. We have the right and responsibility to be concerned about public affairs and that is one difference between being good citizens or driven sheep. By examination of the facts, reference to the lessons of history and by reason and logic, intelligent public opinion is formed."

"If the vast majority of the American people are given the correct facts, they will usually come up with the same answer." He sighted sound money and foreign policy as matters about which American citizens should be concerned and informed.

He warned against "argument for argument's sake" but said, "if we are thinking seriously about our children and our grandchildren, we owe it to ourselves and to them to take these great matters seriously, discuss them and find a logical answer."

### NEED DISCUSSION

"There is great need for intelligent discussion. It's easy to say we're trying to buy friendship abroad by giving away our substance. But there's an element of truth in that for our foreign aid program has been interfered with by politicians sometimes."

Returning to his theme of public concern about public problems, General Eisenhower said: "I don't mean that we should all be egg-heads or spend our life worrying about these things. If there is no fun in each day, it's a day wasted. Think about our problems but never let them get you down. Never admit they're overpowering."

Recalling a news story in the Gettysburg Times about a year ago that government officials had pronounced Adams County a "distressed unemployment area," the general said that started him reading the job wanted ads in The Times. "I wonder if we're not falling prey to slogans. I myself don't subscribe to having an official in Washington or Harrisburg telling us we're in a major unemployment area until people are coming around looking for jobs—and they're not doing that at my farm."

### CITES PRIVILEGE

He spoke of the "privilege of having the opportunity to solve our own problems."

As he concluded, he said: "If every community awakens to our problems and we set out to solve them, never forgetting our sense

# WEST PONDERSSOVIET MOVEAT RED CONFAB

MOSCOW (AP) — Moscow's diplomatic colony is buzzing with rumors that Premier Khrushchev may soon make a significant to East Berlin.

The sixth congress of East Germany's Communist party opens there Jan. 15. Some diplomats feel the Soviet leader might use the occasion to put new life into the Berlin problem and to boost the sagging prestige of East Germany's Communist leaders.

These diplomats wonder whether Khrushchev's latest pronouncements on Berlin — one to West German Chancellor Konrad Adenauer, the other to London's Daily Express — might have been advance notice of a new Berlin offensive.

Other diplomats feel that Khrushchev has no desire to stir up the smoldering Berlin coals and will send a deputy to the meeting.

The two most prominent Soviet leaders who have not attended a foreign congress recently are both first deputy premiers—Anastas I. Mikoyan and Alexei Kosygin.

Some Western observers doubt that Mikoyan would be sent, having just finished with the face-losing Cuban situation. If he did go, East German officials might get the idea they are being put in the same category with Fidel Castro. Kosygin possibly is a likely choice since East Germany is having serious economic problems. His specialty is economic planning.

If Khrushchev does not go to East Berlin, East Germany's economic plight could be a major reason. Khrushchev does not like to be associated with second-rate situations. They undermine his prestige.

The last East German party congress was held in July 1958. Khrushchev attended it. Four months later, on Nov. 27, he demanded that Allied troops clear out of West Berlin in six months and that West Berlin be converted into a demilitarized free city.

# SCOUTS SEEK\$5,900 FUND

The Black Walnut Boy Scout District will seek \$5,900 in its annual finance drive in the district outside Gettysburg.

Plans for the drive were outlined Wednesday evening at a meeting of the finance committee in the office of the chairman, Attorney Daniel E. Teeter.

The goal is \$200 higher than last year's \$5,700 campaign.

Plans of the special gifts committee headed by Dr. W. E. Tilberg call for it to begin its drive Friday.

Charles Kingston, general campaign chairman, reported the solicitation in the various communities will begin following a kick-off dinner at the C. H. Musselman Co. cafeteria in Biglerville February 7. The meal will be donated by the C. H. Musselman Co.

Harold Ecker was named treasurer for the fund campaign for the seventh successive year.

Gettysburg raises its share of the Boy Scout budget through Community Chest and the remainder is raised through a drive outside the borough in the district area.

# County Farm WillBe Featured On TV

"A Day With a Master Farmer," featuring the Mason Dixon Farm, Gettysburg R. D., will be shown Saturday morning at 7:30 o'clock over WFIL-TV, Channel 6, Philadelphia.

The half-hour film depicts County Commissioner Clarence J. Waybright, his sons, Horace and Richard Waybright, and son-in-law, Luther Smith, at work about the farm and shows visits by County Agent Frank Zettle and agricultural education instructor Elmer Schriver to the farm. The history of the farm which predates the Civil War is given. Commissioner Waybright was among those who last January received the Master Farmer Award and the film depicts a day's activities on the part of Waybright and others at the farm. The film was taken in October.

# Street DecorationsCome Down Today

The Christmas season departed from Gettysburg today—and left a deficit in the street decoration fund.

Workmen were engaged in removing the long streamers of gaily colored metal, the colored lights and other decorations that made the town a thing of beauty during the Christmas season.

And at the same time the Retail Merchants Association continued to hope for \$700 more in donations to meet the expense of this year's display.

Officials hoped that residents of the town will mail \$1 or \$2 or \$5 in large numbers to Christmas Lights Fund, Retail Merchants Association, Gettysburg, and thus meet the deficit and guarantee that the lights can go up again next year.

# BULLETIN

**HARRISBURG (AP) — Gov. elect William W. Scranton today named two prominent business executives to head a new policy-making council of business and industry in his administration.**

**Named to lead the agency, which eventually will include about a dozen business leaders, were Fred C. Foy, 58, chairman of the board of Koppers Co., Inc., Pittsburgh, and Paul J. Cupp, 60, chairman of the board and president of Acme Markets, Inc., Philadelphia. Foy will be chairman; Cupp, vice chairman. The jobs will carry no salary.**

**Former actress Lita Grey, 54, and her husband, banker Pat Pizzolongo, 33, were granted permission in Superior Court in Los Angeles to change their name to Longo.**

**The former actress became Charlie Chaplin's second wife when she was 16. The couple, divorced in 1927, had two sons, Charles Chaplin Jr. and Sydney Chaplin.**

**MODENA, Italy (AP) — The doctors said a severe case of influenza was making 4-year-old Maria Cristina Bertoni feel bad. Her parents insisted on an X-ray. One look at the X-ray plates and Maria Cristina was rushed to the local hospital Wednesday. A surgeon removed a small electric light bulb from one lung and said afterward she was getting along fine.**

# PUC CRITICIZES RAILWAY DELAY

**HARRISBURG (AP) — The Lackawanna & Wyoming Valley Railway Co. was under fire today for seeking extension of a Public Utility Commission deadline to improve the North Main Street bridge in Plains Township, Luzerne County.**

John L. Dorris, a member of the commission and a resident of Nanticoke said Wednesday the company is stalling on the project.

"The railroad's petition for more time comes with poor grace in view of the fact that the commission's directive made it clear it was to work with the State Highways Department and the PUC in preparation of plans for repairs so the bridge could be reopened to normal traffic at the earliest possible time," Dorris said.

The company asked that the deadline be extended from Jan. 15 to Feb. 15 on grounds it did not have enough time to prepare plans for the needed improvements.

A PUC spokesman said action can be expected on the petition sometime next week.

## TO DEDICATE CHURCH ORGAN

Trinity Lutheran Church, East Berlin, Rev. Harold R. Stoudt, pastor, will hold a service of dedication Sunday at 10:15 a.m. for a new Moller pipe organ, a Newcomb and Weber tower music system, a Dukane and Newcomb interior sound system and Whittemore pew card holders.

The total cost of the project is about \$17,800. The congregation has raised \$13,800 since May 1 so that the debt incurred by the time of the dedication will be under \$4,000. The chimes, organ lamp, music and interior sound systems, and pew card holders are specific memorials or gifts. The donors will be announced the day of the dedication.

The Moller pipe organ is a two-manual, 10-rank organ. It replaces a Moller pipe organ installed in the church in 1909. Miss Mae B. Wolf, church organist, has been at the console since 1919. The organ is comprised of some 600 pipes and features venetian swell shades, the first produced by the Moller concern. By means of the tower music system, the chimes are amplified over the entire community each Sunday before and after the church service.

### PLAN LATER SERVICES

The tower music system will provide recorded carillon, chime and organ music for the entire community each evening at 6. This system will operate automatically. The interior sound system has been so designed that the entire church service may be heard in any portion of the church plant.

Dexter Weikel, a member of the Gettysburg College Music Dept., will be the guest organist Sunday. Weikel is formerly minister of music at Messiah Lutheran Church, South Williamsport, and a member of the Susquehanna University faculty.

Other organists will share in later dedication services. Mrs. John F. Schwartz, a member of the congregation and also a mem-

### "WHEN I SET SAIL"

When I span the sea of living  
... I want to leave behind ...  
some verses sweet and tender  
... that foster peace of mind  
... a line or two of true love  
... a phrase of honesty ...  
words that will give to mankind  
... a fond hope in things to be  
... for those who slip and fall ...  
another one about the things ...  
that matter most of all ... like brotherhood  
and fair play ... the value of a friend ...  
these things will live forever ...  
on that you can depend ... indeed  
this is my humble dream ...  
I may or may not fail ...  
I want to leave my heart with you ...  
when my ship sets sail.

### Astronaut May Try 22 Orbits

WASHINGTON (AP) — America's next man in space—scheduled to be astronaut Leroy Gordon Cooper Jr.—may try to orbit the earth for 34 hours, 10 hours longer than originally planned, reports a space agency spokesman.

A decision on whether to try for 22 instead of 16 orbits probably will be announced next week, the National Aeronautics and Space Administration spokesman said.

The last U.S. orbital flight, by Walter M. Schirra Jr. continued for six orbits and lasted for 9 hours, 12 minutes.

ber of the Gettysburg College Music Dept., will appear Wednesday, January 9, at 7:30 p.m. A service of organ music is being planned for Sunday, January 27, at 10:15 a.m. At that service the organists will include: Miss Mae B. Wolf, church organist; Mrs. William Lerew, assistant church organist; and Gerald Mummert, a member of the congregation and a Junior music major at Susquehanna University, Selingsgrove.

## Times

(Continued From Page 1)

Superintendent of Schools Dr. Lloyd C. Keefe; Dr. Robert Bloom and Philip Bickle, who was the first editor of The Times.

Scharf reported receiving regrets from Governor David L. Lawrence and other former speakers at their inability to be present. He said he had met with General Edward Stackpole, one of the "honorary members," during the day and that the plans outlined by Stackpole for the symbolic presentation on July 3 as part of the observance of the 100th anniversary of the battle indicate "a magnificent show with flags, not guns."

Another guest introduced was Gen. Robert L. Schulz, executive assistant to Gen. Eisenhower.

### "GOOD FUTURE"

Scharf said, "The last year was a little tougher than those who had forecast the roaring '60s, but we did all right. The Times turned out a lot of beautiful job printing. The radio station went to 1,600 watts and FM and continued to do an excellent job of community service. The newspaper did its usual good job. 1963 will be a special year in Gettysburg, due to the centennial of the battle. The economic picture won't be as good as the optimists forecast or as bad as the pessimists predict, but as long as we recognize our public responsibility we have nothing to fear in 1963 or any other year. The year will impose an extra burden on The Times family as a result of the centennial but it will come through again, of that I am certain."

Green pottery platters were presented to all of the ladies present.

A number of prizes were presented. Thomas Small and Leonard W. Thomas received prizes for men employees; Mrs. John Leeti and Mrs. Barbara Baugher, lady employees. The guest's prize was awarded to Mrs. John Hemler.

Paul G. Pensinger gave the invocation.

## Frank H. Wall Rites Held Today

Funeral services for Frank H. Wall, 57, who died Monday at his home in Aspers, were held at 10 o'clock this morning at the Dugan Funeral Home, Bendersville. Rev. Dr. O. D. Coble officiated and interment was in the Lower Bermudian Cemetery.

The pallbearers were: Russell Hollabaugh, John MacBeth, John and Arthur Clapper, Dale Crum and William March.

## SENATOR KERR RITES FRIDAY

OKLAHOMA CITY, Okla. (AP) —The body of Sen. Robert S. Kerr lay in state today in the rotunda of the Capitol, where he made his start in public office as Oklahoma's Democratic governor 20 years ago.

Kerr, 66, died Tuesday in Washington of a heart attack. He was serving his third term in the Senate and was considered one of its most influential members.

Kerr's body was returned to Oklahoma aboard a presidential jet plane Wednesday.

The funeral will be at 2:30 p.m. Friday in the First Baptist church here. President Kennedy, Vice President Lyndon B. Johnson and other national leaders will attend.

Dr. Hershel Hobbs, pastor of the church and president of the Southern Baptist Convention, will officiate. He will be assisted by Dr. John Raley, chancellor of Oklahoma Baptist University, and Dr. Frederick Brown Harris, Senate chaplain.

Temporary interment will be at Rose Hill Mausoleum but the body will be moved to a planned memorial near Ada, in south-central Oklahoma, where Kerr was born in a log cabin.

of humor, we can pass on to future generations what America is and what it can be. I don't know why I got so serious this evening. Then with a laugh, "Maybe it's because I just wanted to complain about the newspaper."

Toastmaster Scharf then presented the former President with a framed certificate of honorary membership in The Times family and a few minutes later presented six initialed silver beakers for General and Mrs. Eisenhower. Mrs. Eisenhower, busy with preparations for their departure today for Palm Springs, Calif., had been invited but was unable to attend. Other "honorary members" who sent messages but were unable to attend were announced as: Atty. Leighton C. Taylor, Franklin Moore, Gen. Edward Stackpole, Governor Lawrence, Dr. A. R. Wentz, Ambassador John S. Rice, William Ryan of the Associated Press, C. William Duncan, Fr. Thomas J. Kilcullen of Mt. St. Mary's, Dr. Walter Langsam and William S. Livengood.

Mr. Scharf noted the recent death of the first president of The Times Company, Samuel G. Spangler.

A dinner of sliced tenderloin of prime beef was served. There were souvenir programs bearing a photograph of General Eisenhower on the front cover and special place cards.

nutrition among teen-agers. Many Girl and Boy Scouts and 4-H groups are working on the state project this year.

Each application must be completed and mailed to the Pennsylvania Youthpower Food Conference Committee, 21st & Chestnut Sts., Camp Hill, by February 15. By February 23 they will be scored and the state's best will be chosen. These people will have an expense-free trip to Harrisburg and vicinity for one day. The Holiday Motel will be the headquarters for the day's activities, March 1. The eight chosen as best in the state will be given an expense-free trip to the National Youthpower Congress in Chicago March 26-31.

Adams County had a state winner last year, Miss Shirley Bair, Littlestown. Shirley will speak on her youthpower trip to Chicago at a meeting of the Town and County Club at the West Street branch of the Gettysburg National Bank January 21 at 7:30 p.m. All boys and girls interested in entering the contest should plan to attend.

New sponsors of this state project for 1963 are: Pennsylvania Horticultural Society, Pennsylvania Bakers' Association, Swift and Company, Harrisburg; Armour and Company, Philadelphia. Other yearly sponsors are: Pennsylvania Association of Milk Dealers, Pennsylvania Cannery Association, Pennsylvania Chain Store Councils, Pennsylvania Dairymen's Association, Pennsylvania Farmers' Association, Pennsylvania Grocers' Association, Pennsylvania Medical Association, Pennsylvania Millers and Feed Dealers, Pennsylvania Poultry Federation, Maier's Bakery, Reading; Stroehmann's Bakery, Harrisburg and Williamsport.

### Local Firm Files York Court Suit

A Gettysburg building firm filed a suit for payment of a bill of \$3,751 in common pleas court in York Wednesday against a York man and the insurance company for which he is agent.

The plaintiff, Willard C. Weikart, South End Builders and Suppliers, named as defendants William H. Folk, York, and L. B. Buckingham Company, Mt. Joy.

The complaint alleges that the defendants have not paid for repair work to a storm-damaged farm, completed by the plaintiff on the defendants' instructions in October, 1961.

### Banks Must Report Yearend Condition

WASHINGTON (AP) — The comptroller of the currency today issued a call for a statement of the condition of all national banks at the close of business Friday, Dec. 28, 1962.

The Federal Deposit Insurance Corp. also issued a call for a report of the condition of insured state banks, not members of the Federal Reserve System, as of the same date.

## 45,000 YANKS WERE READY TO INVADE CUBA

WASHINGTON (AP) — Some 45,000 Marines stood ready to invade Cuba—"awaiting their government's decision"—during the October crisis, Gen. David M. Shoup said today.

And 100,000 more Leathernecks were "ready to back them up," the Marine commandant added in remarks prepared for his annual speech to the headquarters staff. Shoup's reference to the force was the first disclosure of how many Marines were poised aboard ships of the fleet and on shore bases before the Soviet Union agreed to withdraw its missiles and bombers from the island.

The Pentagon disclosed previously that more than 100,000 infantry, paratroops and other forces were ready for possible action in Cuba.

### "TRULY GRATEFUL"

"Only by the grace of God and an aerial photo is it possible to make these remarks to many of you in person rather than to your spirits. For this I am truly grateful," Shoup told the staff.

In his talk, the blunt-spoken Shoup also let it be known that the Marines would not surrender to the onslaughts of automation.

"I refuse to deliver our Marines and all their personal problems to the spinning tapes and the flashing lights of a computer," he declared.

"I am not willing to accept a

mechanical solution to a human problem. Accordingly, we will continue to take the time and make the effort to deal with the Marine and his problem as an individual."

Adult ostriches weigh up to 300 pounds. They graze like horses and can eat just as much.

### GARAGE DAMAGED

Frank Grotz, 123 W. Middle St., reported to borough police Wednesday afternoon that someone had backed or driven into the doors of his garage in the alley to the rear of his home causing \$50 damage.

**Local Draft Board Adds Office Worker:** Miss Margaret McIlhenny, Lincolnway West, was added today to the staff of Draft Board No. 2 in the First National bank building as a clerk.

That office has announced that it listed a total of 84-18-year-old youths during the three-week period ending Thursday afternoon. Seventy-nine of the youths reside in this draft board district. The others will be sent to their home boards while local youths who registered elsewhere will have their records sent here.

**"E" Bond Purchase Limit Announced:** Individuals now are permitted to purchase the limit of \$5,000 of series "E" War Savings Bonds, it was announced today by Edmund W. Thomas, chairman of the Victory Bond campaign in Adams county.

Mr. Thomas explained that both a husband and his wife may purchase the limit. The sum of \$3,750 invested now will return \$5,000 worth of "E" bonds in 10 years.

The county's quota of bonds for January has been set at \$144,065. The chairman explained that the quota is determined by adding to the December quota a proportion of the value of the bonds that are purchased over the United States, broken down into county ratios.

**Private Retraces Grandfather's Trip On W. Md. In 1860s:** Eighty years ago Private Samuel P. Luyster, of the 29th New Jersey Volunteers, Army of the Potomac, mustered out of Civil War service, came through Gettysburg on his way to his home in Matawan, New Jersey, riding a flatcar of the Western Maryland railway. It was the only available transportation at that time.

Thursday morning when the last Western Maryland passenger train to make the run between here and Baltimore arrived in Gettysburg, Private Samuel V. Luyster, of the 59th General Hospital unit, Fort George G. Meade, stepped from the passenger coach. He is a grandson of the Civil War veteran who made the trip eighty years ago on a flatcar.

Private Luyster told a reporter for The Gettysburg Times that he had secured leave from camp to make the trip this morning because he wanted to travel over the same route his grandfather had back in the 1860s.

The World War II soldier said his hobbies were railroads and amateur photography and he spent considerable time taking pictures of the train and, escorted by Burgess Fred G. Pfeiffer, toured the battlefield, taking numerous "shots" of the famous Civil War battlefield here.

**Lieut. Barton, Home On Leave, Lauds WACCS:** Lt. Virginia A. Barton, daughter of Col. and Mrs. J. L. Barton, West Broadway, first Adams county to be commissioned in the Woman's Auxiliary Army Corps (WAAAC), arrived home Tuesday on a ten-day furlough from Fort Des Moines, Iowa.

Lieutenant Barton was commissioned in the tenth graduating group at Fort Des Moines, a class of 123, on December 24. This class was the first group of WAAACs to be commissioned from the ranks. Brigadier General Luther S. Smith, of the U. S. Air Corps, delivered the address and awarded the commissions.

## Today's Talk

### CAN YOU SURRENDER GRACEFULLY?

The world is full of movement. Nothing stays very long in one place — or with any one person. We are being constantly called upon to give up things. And many times we are asked to surrender what is very dear to us.

Can you surrender gracefully? It is easy enough to give up what you no longer desire, but are you able to give up what you want or what you have worked long to secure?

The story of every truly great man or woman is one of giving up.

The one who can accept defeat and smile has already won!

Our daily lives must of necessity be filled with surrenderings. That is one of the prices we pay for life. And life has to be paid for, the same as anything else.

I was once told the story of a great educator and his son. The big man called his boy to his study one evening and asked him what he desired more than anything else. The son told him, "I want you to give this up, my boy," said the father. The boy promised. In after years, he remarked that he owed to his father his ability to put his will to whatever he desired.

It is a wonderful thing to be able to surrender with grace and sweetness of spirit.

The game fighter and good loser is made of heroic stuff.

You may be hungry — and out of work — and you may think that no one cares at all what becomes of you. But think of the scores of men and women who have made up history who were once in the very position in which you find yourself.

Take heart. Be strong!

### MODERN MUSIC

Time was that music seemed to be  
A balm for savage cares and fears;

A sunset on a storm tossed sea;  
The smile that follows sorrow's tears,

But now the clarinet refrain  
Voices excruciating pain.

Once in the dear dim long ago,  
By the mere magic of a chord  
Men in the deepest depths of woe  
Found faith and courage both restored.

But now the wailing saxophone  
Squeals greater anguish than  
their own.

Time was the troubled soul could find  
In some remembered bit of song

Solace and strength and peace of mind  
Against the world's supremest wrong,

But now the blatant trumpet screams  
That gall is bitterer than it seems.

**Demands For Lumber Grow:** The United States Department of Agriculture War Board called attention today to the heavy demands for lumber and other forest products in Adams county that the war has brought about.

"This demand is increasing the pressure on farmers to sell their timber," a War Board spokesman said today. "Too often the farmers' timber is being purchased on a low estimate of quantity and quality for a lump sum which is far below its real value. Furthermore, in a majority of cases, their woodlands are then cut out destructively and without conscious regard for future productivity."

The War Board urged woodland owners in the county who have mature or "ripe" timber to make the greatest contribution to the war needs and suggested further that before selling or cutting timber the owners obtain advice from the Adams county farm forestry office or from the state extension forester.

## Seasonal Cuts Boost Jobless

HARRISBURG (AP)—Seasonal cutbacks in outdoor industries helped swell Pennsylvania's unemployment rolls by 24,000 during December.

The State Labor and Industry Department reported Wednesday that unemployment climbed from

342,000 to 366,000 between November and December while the rate of unemployment jumped from 7.4 per cent to 7.8 per cent of the civilian work force.

However, despite the rise, unemployment was still the lowest for a December since 1959, when it numbered 361,000, or 7.6 per cent of the work force.

HARRISBURG (AP)—An unofficial low bid of \$478,800 was received by the State Property and Supplies Department Wednesday for general construction work at the highways testing laboratory in Harrisburg.

The bid was submitted by H. B. Alexander and Sons, Inc., of Harrisburg. The project calls for additions and alterations.

## Is Appointed To Game Commission

HARRISBURG (AP) — Ernest B. Hart, 43, of Johnstown, has been appointed by Gov. Lawrence to fill a vacancy on the State Game Commission, it was learned today.

Hart succeeds Dewey H. Miller of Bedford who died last Dec. 6. Hart was appointed to the post just before the first of the year, an administration spokesman said.

However, his term expires Jan. 15, so unless he is reappointed by income Gov. William W. Scranton, he will serve on the game commission only 12 days.

## LEBANON CO. STANDS ALONE ON ACT 561

HARRISBURG (AP)—Lebanon County stood alone today in its refusal to comply with the first deadline of Pennsylvania's controversial school district reorganization law.

The statute—passed by the 1961 legislature, but already under attack by the 1963 General Assembly — called for reorganization plans from the counties involved by the first of the year.

York County, a long proclaimed holdout itself, and Beaver County, slipped in under the wire Wednesday one day late, leaving Lebanon the only county not to comply.

### REFUSE TO ACT

Lebanon County school officials have challenged the constitutionality of the law and refuse to submit a plan until the state legislature acts to modify or eliminate it.

Only Philadelphia County was excluded from the Jan. 1 deadline, since its single district already meets the population statute of the standard.

Meanwhile, Dr. Herbert E. Bryan, director of the bureau of the school reorganization in the Department of Public Instruction, reported that the county plans that were submitted would reduce the number of school districts in Pennsylvania from 2,129 to 304.

### LAW UNDER ATTACK

Reducing school districts to fewer, but larger, more efficient units is one of the chief aims of the law.

The controversial law came under attack in the state Senate Wednesday on the opening day of the legislature.

Three bills were introduced, calling for either complete repeal of the act or a year's moratorium according to the plan of Gov.-elect William W. Scranton.

The action in the Senate came just minutes after retiring Gov. David L. Lawrence appealed to the lawmakers to back school district reorganization.

Scranton, however, feels a 12-month moratorium would give the legislature time to get the kinks out of the law.

## DEATHS

ABERDEEN, Wash. (AP)—Werner A. Rupp, 82, publisher and editor of the Aberdeen Daily World, died Wednesday after a long illness. Rupp and the late John F. Gilbert purchased the old Aberdeen Daily Bulletin in 1908 and renamed it the Daily World. Rupp became sole owner in 1910.

LONDON (AP) — The eighth Earl of Buckinghamshire, 56, died Wednesday, leaving the title to a second cousin who works at odd jobs. The eighth earl, John Hampden Mercer-Henderson, was a former deputy speaker in the House of Lords. The new earl is Frederick Cecil Hobart-Hampden, 61, a bachelor.

OMAHA, Neb. (AP)—George E. Springer, 72, who wrote the lyrics to a number of hit tunes, died Wednesday. Springer wrote songs as a sideline while operating a music store in Denver, Colo.

SANTA CRUZ, Calif. (AP)—Joseph Andres Demeke, 79, one of the three founders of the organization which grew into the Veterans of Foreign Wars, died Monday. He was an attorney with the Chicago, Rock Island & Pacific Railroad in San Francisco for many years and was general freight agent in Chicago until retiring in 1948.

### HONORED BY MASONS

PITTSBURGH (AP)—President Judge Clyde S. Shumaker of Butler County has been elected illustrious potentate of Syria Temple, one of the nation's largest shrine organizations with a membership of some 26,000 in western Pennsylvania.

Judge Shumaker, long active in Masonic affairs, was elected Wednesday night at the Syria Shrine's annual meet ng.

### CLARK AIDE GETS

WASHINGTON (AP)—James L. Sundquist, former administrative assistant to Sen. Joseph S. Clark, D-Pa., has officially started his new duties as deputy undersecretary of agriculture. Sundquist, a native of Utah, took up his new job Wednesday.

He will be succeeded as one of Clark's top aides Monday by Ralph Widner, a former Clark aide who has been working for the Pennsylvania Planning Board at Harrisburg, Pa.

## BEGIN HEARING INTO DEATHS OF 39 MINERS

CARMICHAELS, Pa. (AP)—Two explosions and the death of 39 miners are not easily forgotten by men who worked with the victims and easily could have been victims themselves.

At the U. S. Steel Corp.'s Robena No. Three coal mine near here a public hearing begins today into the explosion which killed 37 men Dec. 6. The mine itself, scheduled to begin three days of operations Wednesday, remains closed.

Some 600 miners have refused to re-enter Robena until the causes of the Dec. 6 explosion and another explosion which killed two men in October are known. They also want guarantees that steps have been taken to prevent further explosions.

### MINE NOT OPENED

U. S. Steel has not commented on the miners' decision and has not tried to reopen the mine for production.

Men from Robena and other mines had labored for more than four days following the Dec. 6 explosion, braving poisonous and potentially explosive gases, in an attempt to save some of the 37 trapped men. But all were found dead—killed instantly by the force of the blast.

A company spokesman, in announcing the planned reopening, said all but the blast area of the Robena No. Three had been approved by federal and state authorities for continued operation.

A spokesman for the miners said, "the membership does not consider this to be a strike, and they don't want to be considered radicals but, after all, they have lost 39 buddies in two explosions."

## CHARMBURY OK IN DOUBT

PITTSBURGH (AP)—State Sen. Jack E. McGregor, R-Allegheny County, says he may not go along with governor-elect William Scranton's appointment of W. Beecher Charnbury as state secretary of mines.

The freshman senator has confirmed that he sent Scranton a telegram just after Charnbury was appointed last month.

"Respectfully suggest you reconsider secretary of mines appointee," it said. "My confirmation vote uncertain."

To win his vote, McGregor explained Wednesday, Charnbury must convince him that he will not back away from the party's campaign pledge to press for strong legislation to control strip mining.

McGregor said he was concerned over Charnbury's promise, in a Harrisburg news report, to give serious consideration to the coal industry's views.

## VANDERKELEN IS SHOWERED WITH OFFERS

NEW YORK (AP)—Ron VanderKelen was a forgotten young man by pro football clubs a month ago—but several of them have become keenly interested in the Wisconsin sharpshooter due to his super-sensational show in the Rose Bowl.

The slim Badger quarterback wrote one of the brightest chapters in post-season football history in the New Year's Day classic, firing a dramatic final period rally that barely fell short as Southern California's national champions outlasted Wisconsin 42-37.

Afterward, it was noted with some amazement that VanderKelen had been bypassed completely by the 14 National Football League clubs when they drafted 280 players last month and had been ignored in the American League draft until the 21st round when he was picked by the New York Titans.

### 7 INTERESTED NOW

But if the boy who paced Wisconsin to the nation's No. 2 ranking this past season was virtually unwanted in December, his dazzling performance at Pasadena, Calif., has made him a prize catch in January.

At least seven NFL teams are interested in him now, the AFL is angling for him and a Canadian Football League club is in the race for VanderKelen's signature.

In an Associated Press survey, the NFL outfits that expressed interest in the Badger star were the champion Green Bay Packers, the Los Angeles Rams, Chicago Bears, St. Louis Cardinals, Cleveland Browns, Minnesota Vikings and Philadelphia Eagles.

NFL clubs were at a loss to explain why VanderKelen was skipped in their draft, several of them saying simply that they "missed one." Some factors noted were that since VanderKelen played only 90 seconds as a junior and developed somewhat late this past season, it was hard to assay his talents; and that he was more an all-around player rather than the specialist type the pros seek.

The Badger ace, now in Honolulu for Sunday's Hula Bowl all-star game, is going to take his time in cashing in on his newfound fame.

He says he'll weigh all offers and make his decision "when things calm down."

**WILT IS HELD TO 23 POINTS**

By THE ASSOCIATED PRESS  
This then, was the day big Bill Russell went home to San Francisco.

Russell, an All-America during his college days at San Francisco, led his Boston Celtics teammates into the Cow Palace Wednesday night for their first meeting in San Francisco in a regular season National Basketball Association game with the transplanted Warriors.

And big Bill, generally regarded as the finest defensive player ever, responded to the cheers of a San Francisco crowd of 12,067 with one of his better efforts among many good ones. He held the Warriors' Wilt Chamberlain to 23 points—less than half his 50 point per game average—while Boston stalked off with a 135-120 overtime triumph.

Syracuse whipped St. Louis 120-95 and Detroit bombed Cincinnati 138-118 in the only scheduled games.

Russell scored only 10 points, but his defensive job on Chamberlain was a major factor as the Celtics struggled from behind, then romped in overtime.

## Badger Nurses Fractured Jaw

PASADENA, Calif. (AP)—One of the Badgers isn't flying back to Wisconsin today. He's Billy Smith, who is recuperating from surgery for a jaw broken during Tuesday's Rose Bowl game.

Attendees described the compact halfback's condition as good. He underwent 2-hour surgery Wednesday for a compound fracture of the jaw.

He also lost six teeth. Smith, the smallest player on either team, was hurt when he tackled towering Hal Bedsole of Southern California. Bedsole wasn't hurt.

Smith is 5-10 tall and weighs 158. Bedsole, the Trojans' star end, stands 6-5 and weighs 213.

Attendees at Huntington Memorial Hospital said Smith would probably remain there several more days.

## FUSS ABOUT SANCTIONS IS CONTINUING

By DON WEISS  
Associated Press Sports Writer  
NEW YORK (AP)—The U.S. Track and Field Federation, an outgrowth of the bitter amateur sports dispute between the National Collegiate Athletic Association and the Amateur Athletic Union, has not been asked to sanction any of the big Eastern indoor track meets, executive director Chick Werner said today.

Werner at the same time conceded that the ineligibility rule the NCAA is expected to adopt next week will drastically cut college participation in the meets. "These are perfectly legitimate meets, and we would be perfectly willing to sanction them if we were asked," Werner said by telephone from State College, Pa., where the federation offices were moved recently. "But my understanding is that the AAU has told the promoters that they would withdraw their sanction if ours was obtained. And we don't intend to beg anybody to ask our sanction."

### LOSS OF ELIGIBILITY

The NCAA, in the official notice of legislation to be offered at its annual convention opening Friday in Los Angeles, disclosed Wednesday night that its members will be asked to approve an amendment providing, in effect, a year's loss of eligibility for NCAA championship events for a collegian who competes in an open event not sanctioned by the federation. Although it relates to all sports, the most immediate effect would be to cut or eliminate college participation in the AAU-sanctioned indoor track season, which begins in Boston on Saturday, Jan. 12, with the Knights of Columbus Games.

A collegian competing in a non-sanctioned meet would not become ineligible for all events, but would be ruled out of the NCAA Track and Field Championships for one year.

## CENTRAL TOPS DELONE FROSH

Central Junior High of Chambersburg took a 10-4 lead in the first period and went on to an easy 56-25 decision over the Delone Catholic Freshmen cagers Wednesday at Chambersburg. The loss evened the Squires' record at 1-1.

Dave Myers, 6-2, and Barry Carter, 5-6, were the big guns for the winners with 17 and 14 points. Bob McKim led Delone with seven.

The Central reserves won the preliminary 34-19.

Delone returns to Chambersburg Friday to meet Faust Junior High.

## BEARCATS ARE EASY WINNERS; DUKE IS VICTOR

By JIM HACKLEMAN  
Associated Press Sports Writer  
Chalk up another big number for Cincinnati's hot-handed Bearcats—28.

The Bearcats, unchallenged as No. 1 in college basketball and gunning for their third straight national championship, extended the country's longest current winning streak and set a school record for consecutive victories Wednesday night by taking their 28th in a row. They humbled Houston 79-56.

Elsewhere — seventh-ranked Duke overcame Virginia 82-65 behind a brilliant second-half performance by Moon Mullins; Georgia Tech and DePaul remained unbeaten, the Engineers whipping the Air Force 61-48 and the Blue Demons routing Baldwin-Wallace 89-70; Notre Dame tripped Indiana 73-70 and Purdue downed Drake in overtime 83-79.

### MOST PRODUCTIVE

Tom Thacker had the most productive scoring night of his three-season varsity career for Cincinnati with 23 points as the Bearcats breezed against visiting Houston. Cincinnati broke an early 6-6 tie with nine straight points, led 43-28 at the half, and kept pouring it on.

Mullins pumped in 25 second-half points in Duke's unexpectedly tough tussle with Virginia in the Atlantic Coast Conference. The Cavaliers led through much of the first half and had a 45-41 edge on the favored Blue Devils midway in the second. But scoring bursts of six and eight points by Mullins sparked Duke to the victory. The 6-foot-4 junior had 25 points after intermission and 30 for the night.

### TAKE CHARGE EARLY

Georgia Tech's tall and muscular Yellow Jackets, now 8-0, took charge early against the Air Force in an attack led by Keith Weekly, who scored 10 of their first 11 points. DePaul, 7-0 and with its three front men averaging 6-7, spluttered at the start against Baldwin-Wallace's press but gradually pulled away to a healthy 54-33 advantage at halftime.

Larry Sheffield paced Notre Dame's Irish, who trailed by 21 points at one stage of the first half and were behind 46-20 at intermission. The sophomore guard held Indiana ace Jimmy Rayl without a field goal in the second half, hit the winning basket with 14 seconds to go and added the final bucket at the gun. Sheffield finished with 14 points, 10 in the second half, while Rayl scored 21, but only one in the second half. Mel Garland netted 30 points, six of them in the extra period, in Purdue's overtime victory against Drake.

## NFLPA STUDIES PLAN CHANGES

HOLLYWOOD, Fla. (AP)—The National Football League Players' Association, with all 14 teams represented for the first time in its six-year history, began study today of five proposed changes.

The Chicago Bears sent a member to the meeting for the first time—center Mike Pyle. Pete Retzlaff, offensive end for the Philadelphia Eagles, is president of the group.

Subjects to be discussed during the meetings include:

1. Income tax relief for pro football players.
2. Increase in the minimum salary for preseason games. The current pay is \$50 and some want it raised to \$100.
3. Job placement service for players during the off season.
4. Deadline for receipt of player contracts for the new season. Veteran players want copies of contracts by May 1 for study before signing.
5. New sources of income for the league's pension fund.

## USC Coach Denies Wisconsin Quote

LOS ANGELES (AP)—Southern California football Coach John McKay, quoted after the Rose Bowl game as saying Wisconsin would "finish about sixth in our league," says he must have been misunderstood.

"I said they are a real fine football team," McKay told a reporter when questioned about the quotation Wednesday. "Then I said Wisconsin certainly would not finish last in our league."

McKay said someone evidently thought he said Wisconsin would finish last (or sixth) in USC's league—The Athletic Association of Western Universities (AAUW), known as the Big Six.

Southern Cal. surviving a 23-point fourth-period rally by Wisconsin, defeated the Badgers 42-37 New Year's Day.

## ENGLE TO PUSH NORTH PASSER

HONOLULU (AP)—The North All-Stars will put the emphasis on passing while tuning up for Sunday's 17th annual Hula Bowl football game—and why not they have Wisconsin's Ron VanderKelen to do the throwing and four of America's top college ends to do the catching.

One of the receivers is VanderKelen's favorite, his Badger teammate and an all-America, Pat Richter, who starred along with VanderKelen in the Rose Bowl.

The south stars have a pretty fair passer in Sonny Gibbs of Texas Christian but with a big supply of running backs have stressed the ground game.

North coach Rip Engle of Penn State inserted VanderKelen into the starting backfield immediately after the Wisconsin ace's arrival Wednesday. He welcomed VanderKelen with the hope "you'll duplicate your Rose Bowl performance."

Engle said he'd probably use Richter and Washington State's Hugh Campbell at ends.

Campbell has been so good in workouts that Engle's own Penn State All America, Dave Robinson, has been pushed back to the second team with Minnesota's John Campbell.

## AUBURN TEAM AIMS AT TITLE

AUBURN, Ala. (AP)—Auburn's undefeated basketball Tigers are gunning for a repeat performance of their 1960 feat of leading the nation in both field goal and free throw percentage.

No other college team has managed to lead the nation in both categories in the same season. However, the way the sharp-shooting Tigers are tossing the basketball through the hoop, they may soon start eyeing the double crown for the second time.

Rated No. 10 in the nation, the Tigers are running slightly ahead of the field goal pace they set three years ago, but are trailing their record setting foul shot pace.

Auburn has hit for 52.2 per cent of its field goals, compared with the 1960 percentage of 52.1 and 70.5 per cent in free throws, compared with the previous 77.2 per cent.

The big gun has been Layton Johns, a 6-foot-7 senior from Nahunta, Ga. The tall Georgian has tossed in 27 free throws of 37 for a 70.3 percentage and 47 of 72 field goal attempts for a 65.3 per cent.

**BERKELEY, Calif. (AP)—**Even with nine returning lettermen, a school's basketball prospects aren't too bright if the lettermen won only eight games the previous year.

But at California, last year's grim experience and the addition of a 6-foot-10 center are paying off with a team that's beaten Oregon State and Seattle the West Coast's two top powers and ranks as a strong contender for the Big Six championship.

The Bears are already 8-2, with as many victories as they had all last year. "We're playing the same as last year," laughs head Coach Rene Herrerias. "The only thing is, we're putting the ball through the hoop." At this stage last season, the Bears were making only about one-third of their shots. Now they're hitting 40 per cent.

## Mules To Meet Bullets Here This Evening

A long holiday recess comes to an end for the Gettysburg College cagers tonight when they meet Muhlenberg here in a Middle Atlantic Conference game.

The Bullets have been a pleasant surprise this season, compiling a 3-2 record with the losses being to Temple and Navy by a total of but seven points. Coach Bob Hulton has had his squad working out twice daily during the week in preparation for the resumption of their schedule.

The Bullet freshmen, 3-1, clash with the Muhlenberg jayvees in the preliminary at 6:45.

## FREAK GOAL EQUALS MARK FOR BATHGATE

By BOB GREEN

Andy Bathgate wasn't at all concerned that his record-equaling goal was of the so-called "cheap" variety.

"I'll take the good with the bad, or is it the other way around?" the smiling veteran said in the New York Ranger dressing room Wednesday night.

The goal in question was a weird one, bounding off the stick of a Toronto defenseman into the Maple Leafs' nets and setting the Rangers off on a comeback that brought them a 3-2 victory in the only National Hockey League game on schedule.

What's more important, it allowed the 30-year-old Ranger captain to equal one of the league's most prized records. It was the ninth consecutive game in which Bathgate had scored a goal, matching the mark held jointly by Maurice (Rocket) Richard and Bernie (Boom Boom) Geoffrion, both of Montreal.

Toronto held a 2-0 lead midway through the middle period when Bathgate's goal trickled into the net. It couldn't have been intentional. The veteran wing was shooting from an impossible angle.

He picked up the puck at the left side of the net, beyond the goal mouth and whipped a whirling, backhand pass, apparently intended for teammate Dean Prentice across the goal.

Instead, Toronto defenseman Red Kelly got his stick on the pass and, attempting to clear the puck, flipped it behind the amazed Toronto goalie, Don Simmons, into the net.

## NCAA Members Attend Convention

LOS ANGELES (AP)—The vanguard of nearly 2,000 college and university officials were moving into town today for Friday's official opening of the 57th annual convention of the National Collegiate Athletic Association and related groups.

Three days of meetings will precede the convention proper Jan. 7-9, climaxed by the all-day business session next Wednesday at which the newly announced NCAA eligibility move is expected to be adopted.

The move, in the form of an amendment to the NCAA bylaws, would provide a year's loss of eligibility of NCAA championship meets for a collegian who competes in an open event not sanctioned by the new U.S. sports federations.

## GETS NEW LIFE WITH HORNETS

By THE ASSOCIATED PRESS

One day last week Vic Stasiuk was on the way to retirement. He never made it. But he's got it made now with the Pittsburgh Hornets.

The former National Hockey League veteran who played with the Detroit Red Wings received an offer from the American League's Western Division cellar-dwellers last Friday and decided to give the game another whirl. The Hornets couldn't be happier.

Stasiuk came up with the winning goal Wednesday night, firing the clincher with only 1 minute, 18 seconds remaining in Pittsburgh's 3-2 victory over Quebec's Eastern Division leaders. He now has two goals and two assists in four games.

In the other game scheduled, Springfield and Cleveland played to a 2-2 overtime tie as the Barons stretched their unbeaten streak on home ice to 11 games.

Cleveland came from behind to tie it in the third period when Dick Van Impe shot a goal past Springfield substitute goalie Jacques Caron, who was forced into service in the second period when George Wood injured his right ankle.

### SETS EARLY CAMP

KANSAS CITY (AP) — The Kansas City Athletics will have an instructional school at Bradenton, Fla., next February before the regulars arrive.

## COUNTY CAGE SQUADS WILL RESUME PLAY

A complete schedule in the Adams-Franklin Basketball League Friday evening signals the return of most area scholastic cagers to action after the holiday recess.

Four county schools have A-F League games. Littlestown (0-2) plays at New Oxford (2-0); Greencastle (2-0) at Bermudian (1-1), and Fairfield (0-2) at Quincy (0-2).

Other league games include St. Thomas (2-0) at Scotland (2-0), and Fannett-Metal (1-1) at Buchanan (0-2).

Delone Catholic, 4-2 after two straight setbacks, will attempt to rebound against strong York Catholic when they inaugurate the Central Pennsylvania Catholic League schedule Friday evening at McSherrystown.

Gettysburg and Biglerville High Schools will be idle until next Tuesday when the Blue Mountain League resumes its schedule. That evening the unbeaten Warriors (6-0) meet fast improving Camp Hill here, while Biglerville (4-3) is host to once-beaten Big Spring (7-1).

Tonight Big Spring (4-0) in the league will meet Newport (0-4) at Newville to make up a postponed BML contest.

# Political Newcomer And Negro On Scranton Cabinet

HARRISBURG (AP)—Gov.-elect William W. Scranton has added a political newcomer and a Negro to his cabinet, leaving only two more posts still to be filled.

The newest additions are William P. Young, who will become Pennsylvania's first Negro secretary of labor and industry, and Thomas K. Garihan Jr., secretary of property and supplies.

Both were appointed Wednesday.

## TWO TO BE NAMED

Garihan will succeed Andrew M. Bradley, who was named by former Gov. George M. Leader and retained by Gov. Lawrence as the first Negro ever to hold a state cabinet post.

Young, one of three Negroes who were reported under consideration for the Scranton cabinet, will replace A. Allen Sulcove. Both men will receive \$20,000 a year.

Still to be named in Scranton's cabinet are secretary of banking and state police commissioner.

## LAUDS YOUNG

In naming Young, Scranton said "Mr. Young has the ability to do a first-class job in this vital office. He has won this appointment on his merits and I am convinced that he will accomplish excellent results in the department of labor and industry."

"I am happy too that because Mr. Young is a Negro, he exemplifies the points made in the Republican platform and which I made in the campaign, namely that I believe all Pennsylvanians have the right to fill positions for which they are qualified."

Young, 63, is a resident of Pittsburgh and an employee in the personnel division of Lockart Iron & Steel Co., near his hometown. He has long been active in political and civic affairs in the Allegheny County area.

## RAN FOR COUNCIL

Since 1936, he has been a Republican precinct committeeman in the county, and for 15 years a campaign committee member.

Young ran unsuccessfully for Pittsburgh city council in 1953 and 1955. In 1962, he was a member of a committee that drafted the state GOP platform.

"The only thing I can say is that I am grateful for the confidence and the faith that he (Scranton) has in me," Young told newsmen in Pittsburgh when informed of his appointment. "It is a challenge and I'll try to measure up to it."

## LEHIGH GRAD

Garihan is the political newcomer, never having been active in politics before this.

An employee of the Bethlehem Steel Co. until the first of the year, Garihan spent most of his life in the eastern Pennsylvania area, attending Bethlehem schools and graduating from Bethlehem High School in 1932.

He earned a bachelor's degree in business administration from Lehigh University in 1936.

In his new post, he will supervise the commonwealth's purchases and most of its construction, maintenance and other matters involving expenditures of state funds.

## Said Scranton:

"I have selected Mr. Garihan because I believe he will bring to this most important post the necessary background along with the drive and integrity to assure that the state receives full value for each dollar spent."

# URGE CHANGES IN GRIDIRON REGULATIONS

NEW YORK (AP)—College football should move the goalposts up to the goal line to encourage field goals and permit unlimited substitution, and the National Football League should adopt the two-point conversion option.

This was the opinion of the nation's sportswriters and broadcasters who participated in the annual year-end Associated Press survey of highlights and trends of the college football season.

The question was a two-part query, asking: 1. What rule does the pro football code have that you would like seen adopted by the colleges? 2. What rule do the colleges have that might help the pros?

Moving the goalposts up 10 yards from the end zone to the goal line would increase the use of the field goal as a major scoring weapon as in the professional game. That was the general opinion of those who favored this change for the college game.

The rule was changed years ago to protect college players who faced injury when they scrimmaged on the goal line near the goal posts.

As for the college rule which might be adopted by the pros, the AFL already has the two-point conversion. Last season the 14-team National League played 98 games, and only four ended in ties. There were 56 games in the eight-team AFL with one tie.

The conversion rule allows the customary one point for a placekick, or two if the scoring team tries a pass or a running play.

## Busy 1962

(Continued from Page 1)

Angus was named grand champion bull at the Farm Show. W. Clayton Jester, Biglerville, was praised for his years of service to conservation. William M. Lott, Gardners R. 1, was elected president of the Pennsylvania Horticultural Society. Two countians, William J. Barbour, Biglerville R. 1, and Donald Dillon, Orrtanna R. 1, were named Master Tomato Growers.

Shirley Bair, Littlestown R. 1, and a number of other Adams County young people won numerous honors in state and national competitions during the year, exceeding in numbers any prior year. Senior Martin N. Osofsky, director and entomologist for the Estacion Fruit Tree Experimental station, came here for seven weeks' study at the Arendtsville Fruit Laboratory.

## MORE HONORS

Improvements were noted in the migrant farm labor situation in the county. Rev. Joseph Hagler minister to migrants from the Adams County Council of Churches, noted tremendous improvements signified by disappearance of crew leaders.

Paul and Lucille Fissel, Biglerville R. 1, were among countians whose cattle won awards in district and state shows, one of their cows winning "All Pennsylvania" awards. Paul Wright, Gettysburg R. D., was named regional outstanding young farmer by the Pennsylvania Young Farmers' Association. The Arendtsville Fruit Laboratory publicized its outstanding work in combatting insects and disease of farm plants and trees—in answer without mentioning it, of a popular book decrying use of chemicals to combat pests. The vast growth of milk production as a major part of agriculture in the county was symbolized by the first herd to average 600 pounds butterfat in the county—that of Mr. and Mrs. Paul Fissel. The importance of a five-year experiment in use of fertilizers conducted by Adams County farmers, Pennsylvania State University and the Tennessee Valley Authority was symbolized by a visit here of the chairman of the TVA. The report showed that fertilizer use could even help combat the drought which plagued the county, causing it to be named a drought disaster area and cutting production.

**BANKING:** There were some important changes in the banking picture. The biggest was the merger of the First National Bank of Gettysburg and the Littlestown State Bank into the Adams County National Bank. But there were changes caused by the retirement of familiar faces from banking establishments. Among them were John W. Hewitt, cashier; Russell A. Campbell of the college and seminary department and Howard A. Knouse of the bookkeeping department, all of the Gettysburg National Bank, after many years of service, retired. At the First National Edgar L. Deardorff and Harry L. Snyder retired after more than 50 years each of banking experience. Both were vice presidents of the bank. Financially the banking institutions continued to gain. Deposits topped \$70,780,000, an all-time high. Christmas clubs also reached a record \$890,000.

**GOVERNMENTAL:** The county became Sixth Class last January 1 and the change proved expensive, boosting salaries of some officials and will boost salaries of other officials as present terms expire. Bonneville became the county's first new borough since 1903. The county renovated the interior of the courthouse, enlarging the register and recorder's office and sending Child Welfare and county agents' offices to the Topper building, and had the painted cleaned from the exterior of the courthouse. The institution district as such disappeared from the county, and as a result the commissioners no longer were two "hats", one as commissioners and one as heads of the institution district. Reading Twp. supervisors took over care of Round Hill Cemetery.

## CONSTRUCTION

An engineer team surveyed 169 buildings in the county to find out which could best be used as fallout shelters in event of atomic disaster. A number of new post offices were dedicated through the county, including ones at Abbotstown and Aspers. East Berlin VFW dedicated its annex. Much work was done at the Raven Rock underground communications center, some as a result of a fire. Fairfield School System started plans for an 11-room annex to its school. Franklin Twp. started construction of an addition to the Cashtown Consolidated School. Christ United Church of Christ, Littlestown, started construction of a \$200,000 new church. The County Historical Society started a fund and made a number of renovations to Old Dorm at the seminary, its new headquarters. Gettysburg Senior High School was completed. The National Civil War Wax Museum was completed as were the Lincoln Motel, and the Wolf building on Baltimore St. The proposed renovation of the Presbyterian Church, which became the razing and re-

building of the Presbyterian Church, neared completion at year's end. The Church of the Nazarene constructed a new building along the Fairfield Rd. A new training center was completed along the Fairfield Rd. for the Army Reserve. The State Highways Department completed 61 miles of resurfacing and the biggest construction job of all, an \$8,000,000 project, construction of the new Route 15 around Gettysburg, was well underway at year's end. Mt. St. Mary's College dedicated a new Student Union building as part of a \$3,000,000 construction program. The enlarged library at Gettysburg College was dedicated. Hoffman Home dedicated a new building. And a great deal of work was done in connection with Campaign Gettysburg. A new St. John's Primitive Baptist Church was built here. Coneago Twp. began putting sewer in Midway, water in Edgemoor.

**YOUTH:** Probation Officer D. M. Anderson, making his annual report at the beginning of the year, noted that "criticism of juveniles in Adams County is not justified." During the year more Boy Scouts than ever before won the Eagle Scout award, highest in Scouting. More 4-H members won more state and national honors than ever before. The YMCA opened Camp Waybright. Gettysburg High School youngsters helped raise funds for new uniforms for the Senior High School Band. Youngsters wanting a teen center for the town after a year's effort succeeded in incorporating during the year and buying the former ATO house at the end of the year. York Springs adopted a curfew requiring that all youths under 18 must be at home by 10 p.m.

**EDUCATIONAL:** Much attention was devoted to Act 561—the state legislation which made mandatory the reorganization of school districts into larger areas. Each school district discussed it during the year and numerous local organizations heard discussions on it. By year's end the county school board forwarded to the state a plan for dividing the county into two school districts.

Dr. Donald R. Heiges became the new president of Gettysburg Lutheran Theological Seminary, succeeding Dr. Harry F. Baughman. The Adams County Public Library signed a contract to serve as a library demonstration project for three years, with \$76,000 to be expended on the program. The library, as part of the program, also made plans for enlargement of its building on E. High St. Rev. Dr. Robert L. Kline, president of Mt. St. Mary's College, was raised to monsignor. Rev. John W. Vannorsdall became chaplain of the college here.

## LAST 1-ROOM SCHOOL

A countian became president of the Presbyterian College at Florida, Rev. Dr. William Kadel. Charles Hash succeeded Charles C. Taylor as supervising principal of Lower Adams. The last one-room school in the county, in Buchanan Valley, closed.

M. Francis Coulson became superintendent of schools for the county, succeeding C. P. Keefe. Mt. St. Mary's, Gettysburg, Dickinson, Hood and St. Joseph College got \$180,000 from Ford Foundation for cooperative program of faculty study in Asian culture. Dr. C. A. Hanson became the 10th president of Gettysburg College. 1,300 youths came here for Elks Youth Day, Region III State Choral Festival was held here with Parker Wagnild as guest conductor. Maryland State Board of Education decided not to consolidate Taneytown High School with Francis Scott Key High School. Franklin Twp. lost its battle over the prevailing wage law requirement. Entire class of 1912 returned to East Berlin for 50th reunion, along with teacher, Dr. J. W. Bucher.

It was a year for exchange students. Elizabeth Ann Morelock of Littlestown, went to Germany while her parents, Mr. and Mrs. Monroe G. Morelock welcomed Hisako Ogaso, of Tokyo, Japan; Elizabeth Ann Kroh, Littlestown, went to Germany and Sugryn Bohm, Germany, came to Littlestown. Ana Maria Yamin, Uruguay, went to Biglerville. Ana Maria Silva, Guatemala, and Mehmet Bayram, Turkey, came to Gettysburg. The Gettysburg High School PTA disbanded—no interest.

**CRIME:** A number of persons appealed to the Adams County court after radar arrests for speeding — they all lost. Also found guilty of violations were the six motorists who ran into the New Oxford's Square. A grand jury indicted William Neal Shanks, formerly of Littlestown R. 1, and formerly bookkeeper of Penn Moe Shoe Co., Fairfield, for passing 38 checks totaling \$40,821 and indicted Frank Benningfield, Baltimore, for cashing 13 of the checks. Auto accidents brought death and injury to many in the county, among them the parents and son of Rev. Calvin Cole, all killed Good Friday in one accident. Six men and two juveniles were arrested for setting 21 mountain fires.

There were the usual burglaries and unusual number of murders. Raymond Angel Martinez, 27, New York and Florida, was accused of the murder of Martin Sieres, a migrant laborer, near Bendersville. Mrs. Kermit O. Paxton was murdered in October. Her murderer was unknown at year's end. Mrs. Patricia Osborn Livingston, 21, New Oxford R. 2, was

## BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP)—Have you made any good resolutions for 1963?

I have.

I have resolved not to get tattooed.

Living has taught me that in the matter of good resolutions it pays to move slowly and carefully.

On the way to a place where I sometimes lunch, I pass the parlor—or perhaps den is the better word—of a tattoo artist. His window is full of brightly colored designs and fascinating photographs of his human needlework.

## THOUGHT OF TATTOO

For 10 years, I have had a wild and unwholesome urge to go inside and have a favorite design tattooed on my forehead—the great ship Titanic sinking—in four vivid colors. The design naturally includes the iceberg which caused the ship to go down.

Each year I have resolved not to yield to temptation and let myself be tattooed in this manner. I credit my success so far to inherent strength of character, and two other factors:

My wife says the sight of any kind of shipwreck makes her nervous, and

Few companies would issue credit or lend money to a man with the sinking of the Titanic inscribed on his forehead, no matter how much such a tattoo would enhance one's prestige at cocktail parties.

## BARE FOREHEAD

When 1964 dawns, my forehead will be disappointingly bare as ever, but I'll have the consolation of knowing that I kept my word to myself and carried out the good resolution I made.

At the risk of being smug, I'd like to point out the major error of millions of Americans today in the seasonal throes of trying to fulfill their good resolutions.

They go on too big a self-improvement binge.

"I'm going to give up smoking, drinking and overeating," says the man. "I'm going to take off 20 pounds and get more exercise."

"I'm going to get more sleep, and loaf less at the office. I'm going to be kinder to my wife and children, and quit kicking the neighbor's dog around. I'm going to—"

## NERVOUS WRECK

In three days he turns himself into a nervous wreck, and by the end of the week he has made everyone around him miserable, too.

The thing to do is to start with a small good resolution—the smaller the better—but then go ahead and keep it.

For example, why don't you, too, resolve to abstain from having the sinking of the Titanic tattooed on your forehead during 1963?

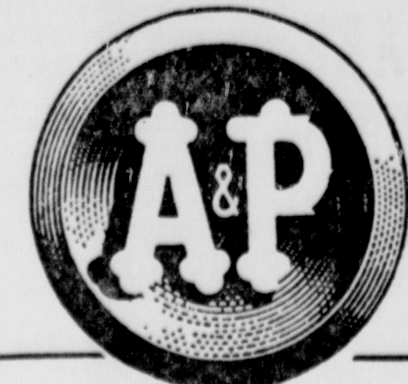

arrested in York County for the murder of Dorothy Patricia Zinn, 18, of Hanover and Kingsdale. A former countian, Perry J. Stauffer, was murdered in San Francisco. An old case was resolved. Johnny Paul Washam was given 2½ to 5 years in prison for a jail break here in 1959 and burglaries committed in 1956.

**MISCELLANEOUS:** Atty. Edward B. Bulleit was awarded the silver beaver award, Boy Scout's highest. Historically, the Porter Guards' anniversary and the anniversary of Stuart's raid into Cashtown and Fairfield were observed. Mrs. Joseph H. Riley became a member of the assistance board, while Rev. Charles E. Held retired. William McCrorie became the new secretary of the Adams County Red Cross. The county established foster homes for the aged.

W. Alton Jones died in a plane crash and his farm land here was given to the National Park Service. Donald H. Becker became a member of the Senate of the Junior Chamber International and president of the Pennsylvania Jaycees. Gilbert J. Lupp was named to the presidency of the Pennsylvania Young Democrats. Countians donated provide funds for Gary Carr of Gettysburg and members of his family to fly to Disneyland before the child died of leukemia.

Adams Electric Cooperative marked its 20th anniversary. Plans were announced for a Potomac River Basin development including a dam on the Monocacy which would flood parts of Emmitsburg and lower Adams County. Dr. Byron C. Jones, Bendersville, Dr. Edgar A. Miller were honored for being physicians 50 years. Gettysburg continued in the national and international scene as a result of activities of Gen. Dwight D. Eisenhower. Statistics showed 7.2 per cent of Adams County's workers were unemployed—they also showed only 2.4 per cent of the population on relief. Harry D. Ridinger won the Assemblyman post in a seesaw battle. The new Visitor Center was dedicated. The county began permanent maintenance of a covered bridge as a historical site. M. D. DeTar retired as president of Aero Oil Company, which he founded. Survey showed the Catholic churches in the county have 11,350 active members and the 72 Protestant churches had 20,127 communicants.

## UNION ACCEPTS DOCK MEDIATOR

NEW YORK (AP)—A federal official reports substantial progress in negotiations seeking to settle the dock strike on the Atlantic and Gulf Coasts.

The report was made after industry and union representatives agreed Wednesday to have James Healy, Harvard University professor of industrial relations, serve as a fact-finder in the contract dispute.

James J. Reynolds, assistant secretary of labor, said the acceptance of Healy was a sign of progress.

"I can say there has been substantial progress because they began in left field and are gradually approaching the infield," Reynolds said.

Healy was assigned to survey welfare and pension contributions in the industry.

### WILL DISCUSS BENEFITS

Representatives of the striking AFL-CIO International Longshoremen's Association and of the shipping and stevedoring companies agreed to discuss pension and welfare benefits with Healy.

Secretary of Labor W. Willard Wirtz was to rejoin the negotiations today—the 12th day of the strike of 60,000 dock workers which has tied up shipping in ports from Maine to Texas.

Negotiations for the industry are being handled by the New York Shipping Association, which represents 145 shipping and stevedoring companies. Traditionally, contract terms reached in negotiations here set the pattern for settlements in other ports.

Ten ships brought more than 5,000 passengers to New York docks Wednesday and early today. Most of the passengers were returning from Caribbean cruises.

The striking longshoremen made no attempt to hinder the 10 ships which arrived. They were aided by tugboats.

The union is demanding a pack-

## PA. GENERAL FUND MAY END WITH SURPLUS

By FRED WALTERS

HARRISBURG (AP)—The state general operating fund may have a \$6-\$18 million surplus this year, based on present trends, Gov. Lawrence's fiscal officers said today.

However, Budget Secretary David R. Baldwin tempered this optimistic outlook with a caution that a new federal corporation tax allowance may adversely affect state revenues.

"As of now, however, we can certainly expect the (1962-63) budget to be in balance," Baldwin said, "and possibly we may have a small surplus."

### CUT APPROPRIATIONS

Lawrence reported in his address to the General Assembly Tuesday that current appropriations have been cut back by \$10 million so far.

Dr. David H. Kurtzman, secretary of administration and Lawrence's top fiscal adviser, estimated in an interview that these cutbacks will grow to \$20-\$22 million by the end of the budget period June 30.

This would be offset, however, by shortages in other appropriations of about \$14 million.

The \$10 million cutback (lapsed) so far, Kurtzman said, included \$4 million in the current budget and \$6 million from previous years.

### HUNDREDS OF CUTBACKS

Kurtzman said these lapses could reach \$12 million current and \$10 million prior years by the end of June.

Lawrence's fiscal officers always have been reluctant to pinpoint areas where they contemplate cutting appropriations, because of the possibility such published information may encourage groups, institutions and programs supported by these funds to apply pressure for spending the entire amount.

Baldwin explained that the \$10 million lapsed so far represented hundreds of cutbacks, mostly under \$100,000 each.

### MOSTLY "CUSHIONS"

The money lapsed, he added, is mostly amounts calculated in the original appropriation requests to take care of unexpected increased spending.

This normally is in appropriations for construction grants. In the past fiscal year, the administration lapsed \$20.2 million, including \$11.5 million in that year's budget.

The 1961-62 fiscal period ended with a surplus of \$16.6 million on the books, of which \$8.9 million was earmarked to help balance this year's budget. One remainder was allocated among public schools, the Pennsylvania State University and debt payments.

The 1962 legislature appropriated a little over \$1 billion for the 1962-63 budget.

## GEORGIA COURT TO DECIDE FATE OF RACE WALL

ATLANTA, Ga. (AP)—The separation of white and Negro residential sections by barriers—called Atlanta's "Berlin wall"—by some Negroes—faced a test in Municipal Court today.

A complaint seeks to have the city-built barricades torn down as a public nuisance.

Sections of Peyton and Harlan roads in Atlanta's West End were closed by wooden barriers on Dec. 18 under an ordinance adopted by the Board of Aldermen as an emergency move to stabilize the racial situation.

Negro leaders and organizations protested, and two court suits were filed.

Several white residents are among the complainants in one suit. Another suit, attacking the legality of the street-closing ordinance, was filed in Superior Court and no hearing date has been set.

### PICKET BARRICADES

Negroes picketed the barricades for several days carrying placards.

Mayor Ivan Allen sought racial negotiations but they fell through. The Negro community's numerous organizations said they wouldn't talk about compromising until the "wall" came down.

Miles Smith, co-chairman of the All-Citizens Committee, Negro, said the Negro community had to expand and would do so.

The committee distributed pamphlets that ask Negroes "not to shop in West End businesses until the city of Atlanta realizes this is everyone's city and that we have

a right to live where we choose."

Virgil Copeland, president of the White Southwest Citizens Association, which takes credit for the buffer plan, said white residents became panicky and feared mass

sellouts at drastic prices.

A spokesman for the mayor said the trouble started when "an unscrupulous property owner" tried to force sales by threatening to sell to a Negro.

### TO ELECT TODAY

HARRISBURG (AP)—The State Game Commission meets today to elect new officers and set tentative opening dates for 1963 hunting seasons.

Refreshments were banned

from the Circus Maximus, Imperial Rome's municipal stadium, which often held a quarter of a million spectators at chariot races.

Members of the American sci-

entific team who plan to explore Mount Everest next spring include a climatologist, a physicist, three medical doctors, a psychologist, a sociologist and an historian.

32 Siberian Peasants Storm  
U.S. Embassy In Moscow, But  
Are Turned Over To Russians

By GEORGE SYVERTSEN  
MOSCOW (AP)—A determined little band of Siberian peasants forced their way into the U.S. Embassy today, seeking refuge from alleged religious persecution by Soviet officials.

Nearly four hours later, the group of about 32 men, women and children was taken from the embassy grounds in a Soviet bus, still protesting loudly.

Soviet officials said they would be taken to a hotel.

It was the first such protest veteran Western observers in Moscow could remember.

The shabbily dressed peasants said they had come from Chernogorsk, a Siberian town about 2,000 miles east of Moscow.

**FLEE PERSECUTION**  
They said they were fleeing from persecution by local officials who threatened to jail them and take their children away from them.

The group's leaders, who said they were Evangelical Christians, a Protestant sect, bitterly protested.

"We don't want to go anywhere," they said. "They will shoot us. Let us be sent to any country. It doesn't matter. There is no place for us here—no place to go."

Finally they struggled into the bus, apparently resigned to staying in the Soviet Union. They had told embassy officials they wanted to go to Israel.

**'RIGHTS OF ASYLUM'**  
An embassy official said later the group had heard somewhere about the right of asylum. They said they thought they could seek asylum in foreign embassies in Moscow.

They set out four days ago by train, arriving here early this morning.

At about 9:30 a.m. they pushed their way past Soviet policemen who guard the entrances to the embassy day and night.

Inside the embassy compound nonplussed American officials invited them to take shelter in the embassy lunchroom from the bit-

ter Moscow weather.

The lunchroom staff served hot coffee and snacks to the hungry visitors while they told Russian-speaking embassy officers their story. Meanwhile embassy officials called the Soviet foreign ministry and asked them to make provision for the group.

**14 CHILDREN**  
The group consisted of 6 men, 12 women and 14 children. Some of the children appeared to be quite ill.

At 11:30 a.m., an hour and a half after the peasants arrived, embassy political counselor Richard T. Davies walked into the embassy compound with two unidentified Soviets. Presumably they were foreign ministry officials, and Davies pointed out to them the lunchroom where the protesting group was being kept.

At 11:40 a.m. a blue and white Soviet bus pulled into the embassy compound, to take the group of protesters away.

## Abbottstown

ABBOTTSTOWN—Holy Communion services will be held in St. John's Lutheran Church Sunday morning at 8 and 10:30 o'clock and at 2:30 o'clock in the afternoon. Children will be baptized at 2 o'clock.

Miss Shirley Meckley, a student at the School of Missions, Maywood, Ill., was the guest speaker Sunday at St. John's Lutheran Church for the thank offering service. Upon completion of her studies Miss Meckley will be assigned as a missionary at Liberia, Africa.

The following members of St. John's Lutheran Church have been installed as councilmen for three years: Foster Kimball, Carl Alwine, Robert Pagel and John Myers. Thomas Baker was appointed to fill the unexpired term of Paul Shetter, who resigned because of other commitments.

**DIES IN CRASH**  
PHILADELPHIA (AP) — Mrs. Dolores E. Venezia, 28 of Norristown, was killed Wednesday night in a two-car collision in nearby Plymouth Township. The police said the driver of the other car, Arthur Wismer, 32, of Plymouth Township, suffered fractured ribs and facial cuts.

**JACK CARSON, FAMOUS COMIC, DIES OF CANCER**  
HOLLYWOOD (AP) — Actor Jack Carson, who gained comic fame playing loudmouths in the movies, died Wednesday of cancer of the liver.

Although Carson, 52, had been ill for six months, and knew two months ago that his case was terminal, his death caught most of Hollywood by surprise. That was because Carson told no one—not even his wife or his closest friends — how sick he was until two weeks ago.

On New Year's Day, he watched the Rose Bowl game and was thrilled with his beloved Wisconsin's amazing fourth quarter surge. Then Wednesday he was walking around normally and talking to his wife.

Richard O'Brien, Baltimore, has returned home after spending the holiday week at the home of his aunt, Mrs. Roberta Buddy, and daughter, Marie, N. Queen St.

Mr. and Mrs. David A. Mackley and son, Daniel, Johnstown, visited during the holidays with her parents, Mr. and Mrs. Lloyd L. Staveley, Crouse Park, and his parents, Mr. and Mrs. W. E. Mackley, E. King St.

NEW BLIZZARD  
HITS ENGLAND;  
17 LOSE LIVES

LONDON (AP)—A new blizzard swirled steadily down on southern England today, deepening the worst snow in Britain's 100 years of recorded weather history.

Continuous snowfalls were forecast for the rest of the day. Weathermen said they could see no sign of a break in the cold before next week.

The temperature rose above freezing at only a few places in the nation.

At least 17 deaths were blamed on the paralyzing weather, and more were feared.

Thousands of farm animals lay dead in the snow. Thousands more were in danger unless food could be got to them. Vegetables were scarce and costly in shops as the snows ruined crops.

**GALES ROAR INLAND**  
The new blizzard struck first Wednesday night at the Isle of Wight, off the southern coast. Then gales pushed the storm inland.

Highways that had been plowed clear Wednesday were blocked once more. Isolated communities were locked in even more tightly by drifts that rose in some places to 25 feet.

London got only a moderate new snowfall during the night. But a film of hard-packed snow and ice made the streets dangerous.

Weather conditions continued grim on the Continent too. Belgium was frosted with a thin layer of ice, and in Brussels no buses and virtually no private cars braved slippery streets.

There was heavy rain and snow in the Italian Alps.

Norway, where the winter ranks as the third coldest of the 20th century, had temperatures as low as 22 degrees below zero.

**Winter Classes Open At Penn State**  
UNIVERSITY PARK, Pa. (AP)—Winter classes reopen at Pennsylvania State University next Monday with total enrollment expected to be slightly below the record 23,844 of last fall.

The university registrar's office reported Wednesday that more than 500 new students are expected to register this week at the main campus or the 14 commonwealth campuses around the state.

**Dick Powell, Vet Movie And TV Star, Dies At 58**  
By JAMES BACON  
AP Movie-Television Writer  
HOLLYWOOD (AP) — Dick Powell, who made his fame singing love songs to Ruby Keeler and his millions in the tycoon role he loved best, died of cancer Wednesday night with June Allyson holding his hand.

The 58-year-old movie and television veteran had been in a coma two days.

His death climaxed a sad day for Hollywood, following by only five hours the death—also of cancer—of Jack Carson.

For the first time in recent memory, two funerals for major Hollywood personalities will be held on the same day—Friday.

Powell was the fourth Hollywood giant felled by the disease in 18 days. Charles Laughton, who died Dec. 15, and Thomas Mitchell, who died two days later, were the others.

Miss Allyson, Powell's actress-wife, had sat holding his hand most of the evening. It was she who discovered that he had breathed his last.

**CHILDREN THERE**  
Others at the bedside were Powell's two brothers, Howard, Wilmette, Ill., a vice president of the Illinois Central Railroad, and Luther, retired vice president of the South American Division of International Harvester Co.; Powell's two children from his previous marriage to actress Joan Blondell and Pamela, an adopted daughter.

Richard Keith, his 12-year-old son, was at the home of Justin Dart, a close friend of Powell.

Death came in a plush penthouse apartment into which the Powells had moved only a few days earlier.

Powell disclosed last Sept. 27 that he had cancer of the lymph glands. With characteristic optimism, he announced that he would like it.

He continued as president of the highly successful Four Star Television, Inc. and kept filming his appearances as host of the top-rated Dick Powell Show, a drama anthology series.

But in October he announced he was stepping down as president of the highly successful TV studio and would become chairman of the board.

He still was optimistic about his health.

**CANCER SPREAD**  
Then came hospitalization for what at first appeared to be a muscle spasm. Sadly, it turned out to be cancer of the lower back.

Funeral services will be conducted Friday morning at All Saints Episcopal Church in Beverly Hills. Cremation will follow at Forest Lawn.

PUC Clears Way  
For New Pipeline

HARRISBURG (AP)—The Public Utility Commission cleared the way Wednesday for construction of a \$6.9 million petroleum transmission line through Chester and Delaware Counties.

The action came in authorization for the Colonial Pipe Line Co. of Delaware to form a Pennsylvania affiliate with headquarters in Philadelphia.

The proposed 30 to 36 inch pipeline is to form part of a \$360 million interstate transmission facility between Houston, Tex., and New York City, the PUC said.

The link is to run from West Grove near the Maryland line to a point in New Jersey near Woodbury, passing from Chester County to Booth Station in Delaware County, then under the Delaware River to the New Jersey connection.

**STOCKS RALLY**  
NEW YORK (AP) — The stock market rallied today, more than erasing the losses taken in the first session of 1963. Trading was heavy early this afternoon.

Reflecting a substantial gain, The Associated Press average of 60 stocks at noon was up 2.2 at 244.9 with industrials up 3.4, rails up 2.0, and utilities up 4.

Key stocks advanced from fractions to 1 or 2 points, with steels in the forefront.

MOVE SLAYERS TO OTHER JAIL

BAXLEY, Ga. (AP) — Sheriff J. B. Carter says he ordered two men, held for killing a Pennsylvania youth, moved to a jail 50 miles away after angry residents gathered before the jail here. "There were around 150 to 200 people in the square when we brought them in," said Carter Wednesday. "I just felt it would be safer and better not to have them here."

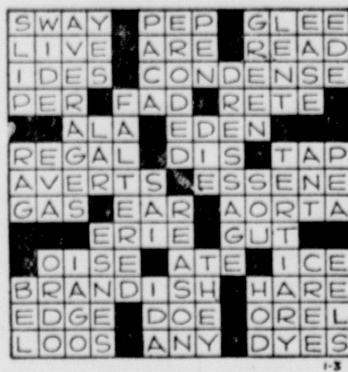

Held in the knife slaying Saturday of Matthew Cascario, 19-year-old Penn State student from Bangor, Pa., are Wilton Edwards, 39, and his nephew, Robert, 19. The sheriff said the elder Edwards admitted killing Cascario with a pocket knife. But he quoted Edwards as saying it was in self defense after there had been an auto bumping duel between his car and one driven by Cascario. A companion of Cascario, Dan Fiorot, 22, also of Bangor, told Carter the other car had harassed them, finally running their auto

PHILADELPHIA FIRE ZONE IS DISASTER AREA

PHILADELPHIA (AP) — A 10-block section of North Philadelphia was declared a disaster area following a fire—termed the city's worst ever—that destroyed a huge commercial building and a score of homes.

The action Wednesday by the Small Business Administration in Washington came at the urging of the city's five congressmen. It makes federal loans available at 3 per cent to merchants and home owners not covered by insurance. Meanwhile, as the ruins of the huge Fretz Building and many surrounding homes and small businesses still smoldered from the Tuesday night blaze, City Council President Paul D'Ortona ordered an investigation.

**NO DAMAGE ESTIMATES**

D'Ortona said he acted following reports the building's sprinkler system had been turned off the day before the fire.

Although no damage estimate was yet available, authorities expected destruction would be in the millions even though many of the homes were in an area marked for redevelopment.

Also badly damaged in the blaze was the Reading Railroad's high line. Some 16,000 commuters were delayed Wednesday and face delays for the rest of the week, the railroad said.

Family Food Facts

Americans will continue to be the best fed people in the world in 1963. While food supplies will be a little larger in 1963 than they were in 1962, there will be approximately 1.6 per cent more people to feed. Consequently, the amount of people available for each consumer will be about equal to that which was consumed last year, reports Tom Piper, Penn State Extension Marketing Agent.

Larger beef supplies should provide about one-pound more per person this year than last. But some increase is also expected in demand and retail prices may run about the same or slightly higher than in 1962. Wholesale beef prices have already dropped from recent high marks and home freezing advantage will be possible very soon.

More pork on the market this year may lower retail prices a little below 1962 levels. The seasonal marketing peak has passed now, signaling a gradual price rise until the next increase in marketings. Stocks of frozen turkeys are smaller than a year ago and prices will likely be higher during the first half of the New Year.

Despite the usual seasonal drop, egg prices may average higher from January to April than in the

URGES RAISE FOR TEACHERS

PITTSBURGH (AP)—Joseph Siegman, new president of the Pennsylvania State Education Association, says 1963 is "as good a year as any" to increase teachers' salaries.

"I can't see how we can afford not to do something," he said Wednesday. "If we don't, we're going to have another exodus of teachers this year."

The PSEA wants a pay hike for teachers from the present scale of \$3,600-\$8,800 to a new scale of \$4,500-\$12,200. Siegman said the PSEA would support a tax increase, if necessary, to reach this goal; removing sales tax exemptions on food and clothing could provide enough money, he said.

"I keep saying I'm optimistic," Siegman said. "I feel that Gov. Scranton realizes the situation that Pennsylvania is losing too many good teachers to other states because of salaries."

Siegman was elected president at the PSEA convention last week in Harrisburg. He is assistant supervising principal of the Moon Union schools near Pittsburgh.

KILLED IN MISHAP

PITTSBURGH (AP)—Cyrus Garvin, 63, of Pittsburgh's Knox-Highland section, died Wednesday in South Side Hospital of injuries suffered Saturday when he was hit by a truck.

same period of 1962. Milk prices, on the other hand, should be lower in the first quarter compared with a year ago.

Most fresh vegetables quote higher, as expected, at retail following the Florida freeze and heavy rains in major Western growing areas. About 60 days are needed before Florida vegetable growers will be able to ship anything like normal volume to market. However, larger carry-over stocks and a larger pack of canned vegetables will mean average to slightly lower prices for canned vegetables into mid-1963.

Supplies of citrus fruit have been reduced by the recent freeze damage but supplies of apples, pears, grapes and bananas are ample to satisfy the fresh fruit demand. The Florida strawberry crop has received a severe setback, but this will be one of the first crops to recover from the freeze. There should be berries in three or four weeks, provided there are no more frosts.

# De Gaulle Speaks Of Peace, Red Premier Speaks Of War

By THE ASSOCIATED PRESS

The world ushered in the new year with a salute by French President Charles de Gaulle to the possibility of peace in 1963, and "a realistic warning" by Soviet Premier Khrushchev that the West would be destroyed in any nuclear war "unleashed by capitalism."

As millions of Russians lifted vodka glasses to toast 1963, Khrushchev went on radio to tell them he wasn't making "a new year's threat" to the free world. He insisted that the Soviet Union prefers peaceful coexistence.

## BELIEVES IN PEACE

Meanwhile, at his Paris residence, De Gaulle told a New Year's Day party for foreign diplomats that all the nations represented at the gathering—"above all the most powerful among them"—are endowed with means of destruction so terrible that everyone knows that by putting them to work they would proceed to their own destruction.

De Gaulle added, "I believe—like you—in the possibility of peace. It is this possibility and this compulsion that I salute at the threshold of this new year, in the name of France."

## JFK ATTENDS MASS

President Kennedy welcomed in the new year at a party in Palm Beach, Fla. He and his wife at-

tended a 10:30 a.m. Mass at St. Edward's Roman Catholic church. Kennedy later attended the Orange Bowl football game in Miami.

In Bonn, in a broadcast beamed to East Germany, President Heinrich Lübke of West Germany urged restraint in the pursuance of the reunification of Germany. "It must not be realized at the expense of world peace," he said.

In Vatican City, Pope John XXIII blessed a holiday crowd of 50,000 gathered in St. Peter's Square. A New Year's Eve rain washed out a traditional torchlight parade to the square by Roman municipal workers.

## ANNUAL PARADE

Peking radio, broadcasting an editorial of the Peking People's Daily, said things were good in Red China in 1962—even though "our enemies at home and abroad created all kinds of trouble for us."

In this country, some 15,000 men and boys marched in Philadelphia's 63rd annual Mummers Day New Year's parade.

In New York City, Times Square had its usual jam of people who braved 10-degree weather to watch the lighted ball drop from the Times Tower at the stroke of midnight and the dawn of the new year.

# "MATCH GAME" NEW SHOW ON NBC NETWORK

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP)—A cookbook writer once explained that the way most "new" dishes are developed is by adding an extra ingredient to an old recipe or by substituting one thing for another—nutmeg for cinnamon, for instance.

Skillful chefs of television cooked up a panel show called "What's My Line" more than a decade ago. Now there are programs using the same basic recipe scattered through television schedules like raisins in a fruit cake.

Ingredients of the most successful include liberal quantities of celebrities, mixed into a rather simple guessing game. It is spiced by small talk, wisecracks and commercial plugs by the celebrities. The recipe always permits some participation by the audience—a vital element in the recipe.

Now still another variation of the good old recipe has been launched, "The Match Game." It will be available hereafter daily from 4 to 4:25 p.m. (EST) on NBC.

The first game was played on Monday and if you like "Password" you'll probably like this one too.

# State Gets Check For Gas Royalties

HARRISBURG (AP)—A check for \$1,202,000 was received by the state Tuesday in partial payment of a long-standing claim involving gas royalties on 4,000 acres of state land in Clearfield County.

Atty. Gen. David Stahl said the payment represents 70 per cent of royalties obtained from wells located on the land. The balance of the money goes to an insolvent coal company which sold the acreage to the state 40 years ago for \$10,974.10.

The coal company insisted after gas was found on the property that it had sold the state only surface rights. The case went to court, but the company later agreed out of court to take 30 per cent of the royalties on the gas as its share.

Another \$400,000 to \$500,000 is expected for the state before the wells are exhausted, Stahl said.

Arlene Francis, a good gameswoman who can be counted upon for amusing side remarks, was captain of a team of three. The other two players were, as in all good television games, chosen from the studio audience. Skitch Henderson captained the rival team.

Leader Gene Rayburn, in one round, instructed each player to

# PRAISE FROM ANDREWS FOR GOV. LAWRENCE

By FRED WALTERS

HARRISBURG (AP)—Former House Speaker H. G. Andrews pictured Gov. Lawrence Wednesday as man whose administration's record has been underrated. "When history is written," added Andrews, "Gov. Lawrence—ranked with Gifford Pinchot (Republican, 1923-27, 1931-35) as two of the greatest governors of Pennsylvania."

It was a surprisingly generous appraisal of the chief executive

write the name of a "game played on grass." Members of Henderson's team picked golf, croquet and football. But Miss Francis and another member of her team chose tennis, which constituted a "match" and a "win." That's all there is to it—except the complicated scoring, the usual buzzers, bells, gadgets and chit-chat. It's an innocuous time-killer and obviously will not do much to lift daytime television levels.

by the 86-year-old Johnstown Democrat, a peppery critic whose caustic wit was aimed at Democrats as well as Republicans.

## OFTEN AT ODDS

An independent-minded legislator, Andrews frequently was at odds with Lawrence and his administration the past four years. Consequently, the administration worked through then Democratic floor leader Stephen McCann rather than speaker Andrews in that period.

"It is unfortunate," Andrews said in an interview, "that the very substantial and notable achievements of this administration have not received proper credit."

At the same time, Andrews lamented that Lawrence "played a lone hand with no known confidants at the legislative level."

For years prior to the Lawrence administration, Andrews led the Democratic contingent in the House.

## GOP PRAISE TEMPERED

He was defeated for re-election last Nov. 6.

Andrews' comments followed generally favorable reaction to the governor's address to the General Assembly Tuesday.

Republican praise of the speech, however, was tempered with claims that Lawrence drew from their party's platform in reciting a list of urgent needs facing the

incoming administration of Gov. elect William W. Scranton and the new legislature.

## "GOOD SPEECH"

In summarizing what he considered accomplishments of his own administration and that of his predecessor, Democrat George M. Leader, Lawrence toned down the partisanship inherent in those claims.

"The speech was a good one," said House Majority Leader Albert W. Johnson, "but his requests for future action were taken right out of the Republican platform."

Senate Democratic Whip William J. Lane said the speech was "not too partisan" and that Lawrence "endeavored to point the way for the incoming administration."

## COMMENT ON 561

Senate Majority Leader James S. Berger, like Johnson, thought Lawrence drew from the Republican platform in citing goals for "a noble and prosperous new order for this great state and its people."

The strongest Republican reaction came on Lawrence's plea for preservation of the 1961 school reorganization law.

Berger said "a great majority of people do not approve" of the law, adding, "however, education is a difficult and complex problem and I hope we find some solu-

# Negroes To Boycott Antiracial Firms

OAKLAND, Calif. (AP)—A nationwide campaign to boycott products of firms that refuse to hire Negroes is being organized by Negro groups, the Rev. Martin Luther King says.

The Negro leader made this announcement Tuesday at a rally observing the 100th anniversary of Abraham Lincoln's Emancipation Proclamation.

King said details of the boycott would be worked out later. He named no firms.

King told an audience of about 7,000 that Negroes should call on President Kennedy to issue a proclamation ending segregation. "Segregation is nothing but slavery covered up with certain niceties," he said.

House Speaker W. Stuart Helm said Lawrence "hasn't talked to the people" about school reorganization.

## DAILY BLAST MOVES ROCK AT ASWAN SITE

By GEORGE MCARTHUR

ASWAN, Egypt (AP) — The morning alarm clock in Aswan is the roar of 5,000 pounds of dynamite.

At 6 a.m. each day some 16,000 tons of granite erupts, moving that much closer to reality the giant Aswan Dam — Egypt's dream and the Soviet Union's largest foreign aid venture.

"We are right on schedule," says Osman Ahmed Osman, contractor who is a key man in the project which may largely decide Egypt's place in the 20th century and President Gamal Abdel Nasser's role in history.

### \$200 MILLION LOAN

Nasser sees the dam as the crowning symbol of his socialist revolution.

To back Nasser the Russians have lent \$200 million and pledged as much again. This followed U.S. refusal to finance the dam.

The well-being of Egypt's impoverished millions could well depend on the outcome. The dam is Egypt's chance to ease the relentless pressure of an exploding population — 27 million people, a total which will be doubled in 25 years.

### VAST POWER

The dam will give Egypt vast electric power plus almost a million acres of new farmland. Much of this can be plowed back into the economy without being offset by hungry new people. Egypt hopes the effect will snowball, making her the first industrial power in the Arab world.

Work is now concentrated on a mile-long diversion channel—two thirds completed—through which the river will flow while the actual dam is constructed. This 300-foot-deep canyon will also house the power station perched over six awesome tunnels, each big enough to gulp down a three-story house.

### WORK STARTS SOON

Work will start soon on the massive rock-filled structure that will eventually span the Nile. When completed it will be 436 feet high, 2.6 miles long.

Contractor Osman's schedule calls for completion of the diversion canal in 1963, beginning of cofferdams early in 1963, a start on the power station in 1965, to have the first one-third of the electric power available by 1967 and completion of the whole project by 1970.

## PEOPLE IN THE NEWS

By THE ASSOCIATED PRESS

President-elect Juan Bosch of the Dominican Republic, visiting in New York City, has accepted an invitation to visit President Kennedy.

Bosch made public an exchange of letters with Kennedy.

Kennedy told Bosch: "I should like very much to have the opportunity to exchange views with you personally, at a mutually convenient time during your current stay in the United States."

Bosch replied that it would be a privilege to discuss common problems when he visits Washington in a few days.

Soviet Premier Khrushchev, accepting a club tie designed by members of the Western press corps in Moscow, said: "I am delighted and promise to wear it at my next press conference."

He hasn't held a formal press conference for resident Western newsmen for more than two years.

The premier's new tie is dark blue with small golden cupolas inset with crossed sickles and quills.

David E. Bell, new chief of the U.S. Agency for International Development, was received by Chinese Nationalist President Chiang Kai-shek when he arrived at Taipei, Formosa, from Tokyo for an overnight visit.

### SCORES IN EVEN YEARS

DENVER (AP) — Maybe he likes the even-numbered years. Gene Mingo, Denver Broncos halfback, led the American Football League in scoring in 1960 with 123 points, an average of 8.8 for 14 games.

But in the 1961 season he dropped to 32 points, only to bounce back this season. In the first four games Mingo scored an average of 11.7 points per game.

ROME (AP) — Doctors in all Italian hospitals struck for one hour Wednesday to call attention to their demand for Parliament to establish pensions and retirement at 65 for doctors and medical assistants in state hospitals.

PARIS (AP) — Gen. Lauris Norstad has turned over supreme command of the North Atlantic alliance's forces in Europe to Gen. Lyman L. Lemnitzer in a ceremony at supreme headquarters outside Paris.

## A Lovelier You

By MARY SUE MILLER

FRAGRANCE TIPS. Don't hoard your Christmas colognes and perfumes. Not unless you believe in the economy of waste!

In the first place, that tall-dark-

and handsome gave you fragrance because he enjoys your wearing it. So it's wasted in his mind if you don't wear it.

Secondly, the miserly use of perfume, once a bottle is opened, effects no saving whatever. A scene does not improve with aging. After so short a period as six months, it begins to dissipate. It

also may change color and lose its identity. Even unopened bottles eventually deteriorate.

Colognes have a longer life span, particularly those in aerosols. Still however you figure, the hoarding of scents is a bankrupt practice. This is not to say, of course, that you should squander your attars. But rather that you should make the most of them! These are the principal ways:

- Keep bottles tightly stoppered; store all containers away from heat and direct light.
- To remove a wedged glass stopper, tap the sides with another glass object. Then work it loose by winding back and forth, like the stem of a watch.
- To preserve perfume in a giant-size bottle, decant some of it into a small, clean flask or atomizer; seal the large bottle with wax.
- Before reusing empty containers, soak in alcohol, wash in hot suds and let air-dry overnight.
- Apply cologne lavishly to the skin. Also add it to rinse water for lingerie and gloves.
- Touch perfume to the pulse spots at the throat, wrists and temples. Or spray it into the air and walk through the mist.
- Enjoy, enjoy!

## AILING MOVIE INDUSTRY IS DOING BETTER

By BOB THOMAS

AP Movie-Television Writer

HOLLYWOOD (AP) — That long-ailing giant, the movie industry, is at last showing signs of stirring from its sickbed.

No industrial illness has been so widely diagnosed. But while the causes are well-known — competition of television and other forms of amusement, flight of production abroad for cost and tax advantages, rising film industries in Europe — the cure has been elusive.

The movie bosses have concluded that there will be no dramatic solution to their problems, that they will survive only by better pictures, harder selling and sounder management.

### SEES ROSY FUTURE

Eric Johnston, the constant optimist, sees a rosy future for the industry, which he heads. To support his view, the president of the Motion Picture Producers Association declares that the number

of theaters in the world rose from 79,000 in 1947 to 154,900 in 1960.

The most encouraging news for Hollywood came when MCA entered into a consent decree with the Department of Justice, which had sued to prevent merger of the show business giant with Decca Records and its subsidiary, Universal Pictures.

### \$10 MILLION PROGRAM

With the announcement that the merger will be permitted, MCA disclosed a \$10-million program for modernizing the Universal lot. It already hums with television filming by MCA's Revue, the networks' young supplier, and the features of Universal. The tough, young-minded management of MCA is expected to bring new vigor to the film business, which has suffered from hardening of the executive arteries.

Hollywood still faces a major problem in runaway production, which has been a hardship for labor. During one week, 15 features were being filmed in Hollywood while 21 American-sponsored movies were being shot overseas. The ratio would have been 10-1 in favor of Hollywood 10 years ago.

### GETS WINNING HABIT

DENVER (AP) — In three years, Cheer, a four-year-old filly, hadn't won a race until she captured the final event on a Friday program at Centennial Track. Less than 24 hours later she came back to win the second race on Saturday. She paid \$27.40 for \$2 win ticket on Friday, but only \$6.80 the next day.

## DEATHS

LONDON (AP) — Sir Charles Galt, Darwin, 75, theoretical physicist, died Monday. He was a grandson of Charles Robert Darwin, evolutionary theorist.

LUGANO, Switzerland (AP) — Hans Rosbaud, 67, Austrian-born composer and conductor of the Baden-Baden radio orchestra in West Germany for 15 years, died Monday of a heart ailment.

ATLANTA, Ga. (AP) — Robert A. Smythe, 91, a national officer of the Pi Kappa Alpha fraternity for many years, died Monday after a long illness. He was born in Charleston, S.C.

BELMONT, Mass. (AP) — John F. Stokes, 74, former public safety commissioner of Massachusetts and an outstanding detective, died Tuesday.

NEW YORK (AP) — Abraham Feitelberg, 70, director of the armed services division of the National Jewish Welfare Board during World War II, died Tuesday after a long illness. He was born in Fall River, Mass.

PORTLAND, Maine (AP) — Clifford E. Gove, 36, veteran newspaperman whose 38-year career included service with several Maine newspapers and radio stations, died Tuesday after a long illness.

Eighteen tons of equipment, including glacier drills, ice axes, generators, freeze-dried food, oxygen equipment, tents and scientific gear, will be taken on the 1963 American expedition attempting to climb Mount Everest.

## Weapon Cancellations Drain Billions

By The Associated Press  
When a Christmas toy outlives its day, it's thrown out. So is a weapon.

And the latest addition to Uncle Sam's military scrapheap, the Skybolt missile, is the costliest throwaway of them all.

It joins such weapons as the Regulus II, Bullpup, Navajo, Rascal and Goose rockets and the F108 fighter which were cancelled after many millions of dollars were spent on them. (see map)

The U.S. Government spent \$750,000,000 on Skybolt before the Kennedy administration decided to scrap it. What the country got for its money in immediate results were six tests of the air-ground rocket. Only the last one was anywhere near successful and that came after the announcement Skybolt was being cancelled BILLION DOLLAR PLANE

The Pentagon has spent even more — a staggering \$1,350,000,000 — for a plane that has yet to fly. In fact a completed one doesn't exist. That is the RS70 which may make a first test flight next March or April.

The 2,000-mile-an-hour bomber has been batted back and forth between the Air Force, the Defense Department and the budget makers of Congress. Defense Secretary McNamara is strongly opposed to the aircraft and there is no certainty or even strong hope that the Air Force will be permitted to build more than three test planes.

McNamara estimates a force of 150 of the RS70s would cost over \$10 billion.

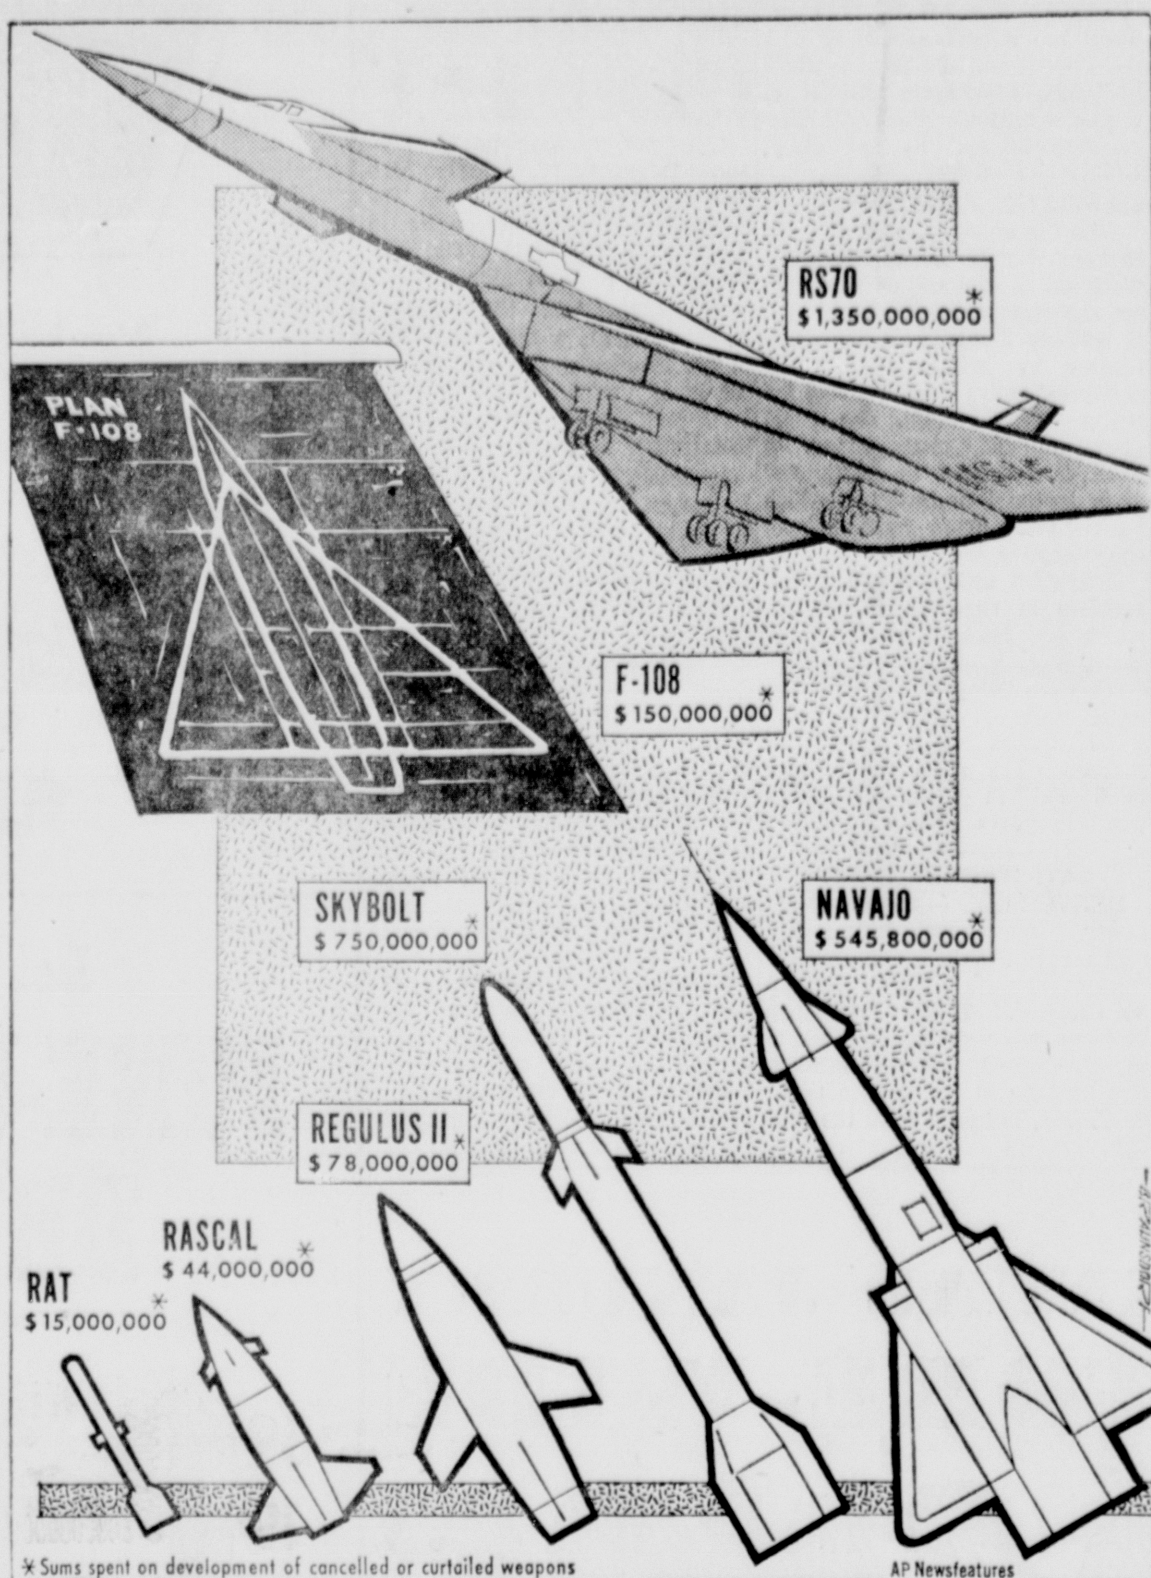

ALL NOT LOST  
The Pentagon is quick to point out that all is not lost when a weapons system is junked. Much of the research and development work can be and is incorporated into subsequent, more sophisticated weapons.

For instance the guidance system of the Navajo ground-to-ground missile, cancelled in 1957 after \$545 million had been spent on it, would be in the highly successful Polaris. The Navy saw use of the F108's navigation-missile firing system for its own Vigilante attack plane.

Weapons die stillborn for a number of reasons. They are superseded by more advanced designs. Or breakthroughs in technology or changes in strategy make them obsolete. Or they just cost more than they are worth.

### FAVORS POLARIS

That's what shot down Skybolt. President Kennedy decided that to get 100-plus Skybolts on duty would cost at least \$2.5 billion. He figured the Polaris missile, fleet,

already proven, would do the same job better, particularly when shot from submarines.

There is great pressure from dropping a weapon. There is, of course, the manufacturer, Douglas Aircraft Co., maker of Skybolt, defended that design but added it was in no position to assess all the military considerations of the cancellation.

The service developing a weapon understandably is loyal to it. In the Skybolt's case, there was great pressure from Britain which had counted on the missile as the striking arm of its jet bomber fleet.

### DEFENDS RS70

Air Force Chief of Staff Gen. Curtis E. LeMay vigorously defends the RS70 against Pentagon claims that intercontinental missiles have outmoded the manned bomber. Air Force and congressional advocates insist men can perform some functions robot weapons never can. McNamara claims presenter planned aircraft missiles and Polaris submarines could "achieve practically complete destruction" of the enemy weapon system.

And out of such differences of opinion has grown a very expensive, electronically sophisticated junk pile.

### COSTLY THROWAWAYS

Among the more costly throwaways of recent years were:

Regulus II — Cancelled by the Navy in 1958 "to provide best balance in over-all Navy weapons systems within the resources available at present." The 1,000-mile range missile, on which \$78 million had been spent under contract to Chance Vought Aircraft Inc., was later superseded by the Polaris. The Regulus program had called for conversion of five submarines and seven cruisers.

RAT — A missile project cancelled by the Navy in 1959 after \$15 million had been spent on it. The Navy cancelled, it said, because superior antisubmarine

weapons were being developed.

Bullpup — A Tactical air-ground rocket cancelled by the Navy because a more improved weapon was being developed.

Navajo — Cancelled in 1957 because the accelerated ICBM program made it apparent the ground-to-ground Navajo would soon be obsolete. The Air Force spent \$545.8 million on the missile.

Rascal — An air-to-surface missile cancelled in 1958 after \$44 million had been spent on it under contract with Bell Aerospace Co. Development delays and technical advances made it feasible to drop Rascal in favor of the Hound-dog rocket.

F-108 — A 2,000-mph interceptor, the F108 was cancelled in 1959 by the Air Force after spending about \$150 million on it under contract to North American Aviation Inc. The Air Force said even a few squadrons of 25 planes each would cost between \$5 and 8 billion and missiles were making heavy demands on the Air Force budget.

For a first course serve grapefruit halves, or grapefruit sections, with a garnish of green mint jelly. This combination is refreshing and looks pretty. But if the next course is roast lamb, be sure to accompany it with the mint-flavored jelly!

How to add years  
to your life

100

100 years ago the average American could expect to live about 40 years.

Today—about 70. Modern sanitation, diet, drugs and medical practice have added 30 years to our life span. And note that 70 is average. Many die sooner. Many live longer. You up your chances of being a "longer" if you eat properly and get proper medical care. This means periodic check-ups by your physician. As pharmacists we are pleased to help by supplying the drugs your doctor prescribes—drugs unknown a century ago. We're so conscious of the effectiveness of modern medicine that we're shooting for a life span of 100 years.

How about you?

## Lawrence Reduced Deficit To \$16 Million, Enforced Rigid Traffic Safety Law

By JACK LYNCH  
HARRISBURG (AP) — Historians will print the story of the Lawrence administration in black ink, if not in bold type.

In a four-year term beset by an economy-cramping steel strike and a general business recession Gov. David L. Lawrence turned an inherited \$177 million deficit into a \$16 million surplus.

### TRAFFIC SAFETY

The balanced budget and one of the nation's most rigidly enforced traffic safety programs rank as the most significant accomplishments of the Lawrence years.

Lawrence, a ruggedly healthy 73, shows little stress of his sometimes turbulent term. He was the first Catholic and the oldest man ever elected governor of Pennsylvania. He teamed with former Gov. George M. Leader as the only Democrats ever to serve back-to-back terms.

The governor refuses to single out any special achievement, but he leaves no doubt he is satisfied generally about the last four years.

### BETTER STATE

At a recent news conference he said:

"We have laid the groundwork for a Pennsylvania better than we found it. There is opportunity to advance if we don't lapse back to the old order of things."

The "old order" was to pad income estimates to match spending to meet Pennsylvania's constitutional requirement for a balanced budget. The result was a whopping deficit 14 years in the making.

"I hope the incoming governor (Republican William W. Scranton) will follow my policy of not running up deficits and of requiring the money to be in the till before he signs bills that are taking it out of the till," said Lawrence.

The former four-term mayor of Pittsburgh followed his own advice from the moment he took office on a snowy day in January 1959.

One of his first acts was to cancel a \$10,000 limousine ordered for him by the outgoing Lehigh administration.

State spending under Lawrence increased 25 per cent, but the bulk of that was the result of legislation prior to his inauguration as the 102nd governor of the Keystone State since colonial days.

### SPENDING UP

Spending in the first year totaled some \$882 million. Lawrence's final budget, for the fiscal year ending next June 30, calls for expenditure of \$1,001 billion.

The switch from red to black ink was difficult, despite a \$181 million annual increase in general fund taxes and a rigid austerity program.

A basic steel industry strike lasting 114 days in 1959 and a 10-month general business recession beginning in the following year jolted the Lawrence schedule for eliminating the debt.

The public assistance deficit alone in the period was \$44.8 million, of which \$18 million was a direct result of the steel strike. The decline in business at the same time cut heavily into tax revenues.

### INCREASED SALES TAX

Lawrence met the fiscal prob-

lem in typical head-on fashion, increasing the sales tax—the single biggest revenue producer — by \$163.4 million a year.

This was done by hiking the sales tax rate twice in the 1959 legislature, from 3 to 3½ and then to 4 per cent—which equals the highest rate in the nation.

In addition, the sales levy was extended to electric and domestic telephone bills, repair and service charges, alcoholic beverages at the distributor level, soft drinks, auto inspections, and laundry and dry cleaning bills.

Business taxes were boosted in stages by \$17.6 million annually, and firms were required to pay 80 per cent of their estimated tax liability a year in advance. The previous prepayment was 50 per cent.

Despite the obvious need for additional revenue, the tax bites rankled the public and Lawrence never gained mass popularity.

Many political observers are convinced Lawrence's lack of appeal with the public contributed to Scranton's landslide victory.

By other measurements, Lawrence should have been one of the most popular chief executives. No other in history matched his tireless touring and promotion of the state. He visited virtually all of the 67 counties—some which never before had been host to a chief executive — and delivered about 950 speeches, an average of one each working day.

### HERSHEY CONFAB

He brought the National Conference of Governors to Hershey last summer and he made goodwill trips to Japan and Latin America for the governors' organization.

Sixty years in politics has thickened the hide of the solid Lawrence frame. He never turns back from a goal because of mere criticism.

The trait manifested itself numerous times the last four years; never more so than when the high and the low mounted attacks against his award-winning highway safety program.

The tragic loss of two teen-agers in an auto accident years ago left Lawrence with a burning desire to make Pennsylvania highways the safest in the nation.

And they have been, at least among the eight most populous states, in the last seven years. In 1961, Pennsylvania recorded an all-time low of 3.7 traffic deaths per 100 million miles of travel.

### INSTALLED RADAR

Lawrence fought successfully for new tools to combat sudden death on the highway. Radar was put into the hands of state police to clock speeders after a long legislative battle. Chemical testing of suspected drunken drivers was legalized, periodic physical re-examination of every driver was instituted, and the closest thing to a true "no-fix" ticket was put into effect.

Among the prominent persons snared by strict enforcement of motor vehicle laws was the gov-

ernor's youngest child and only son, Jerry, 24. He lost his license for a month for speeding.

The Lawrence administration was free of major scandals. There were minor rumbles in the Workmen's Insurance Fund and the Bureau of Professional Licensure, but nothing to bring lasting discredit.

Because of the self-imposed budget balancing aims there were no costly new programs under Lawrence. He contented himself with modest advances in programs begun by previous administrations, such as urban renewal, industrial development, and mental health.

### LIBRARY PROGRAM

The only completely new program was the initiation of a statewide library network designed to bring library services within 25 miles of every Pennsylvanian. Expected to cost some \$5-6 million in full operation, the program was bankrolled with a modest—by government standards—\$500,000.

If Lawrence has any regrets, it

probably is in the field of education.

"I would like to have done more, but I realize that you do so much at a time. That is a field we must improve in the face of the world situation."

Beyond passage of the controversial school district reorganization law in 1961, nothing was done to increase teacher salaries and school subsidies above levels mandated prior to the Lawrence regime.

### HOUSES DIVIDED

A divided legislature was probably Lawrence's most difficult problem. Democrats controlled the House all four years, but Republicans held the trump cards in the Senate throughout.

Despite that, Lawrence and the Democrats pushed through some laws almost revolutionary for the staid Keystone State. Among them were legalized pari-mutuel betting on harness races (to start next spring), Sunday liquor sales in Pittsburgh and Philadelphia and a ban against racial and religious

discrimination in multiple housing sales and rentals.

The Lawrence years also saw celebration of the highway building program under Secretary Park H. Martin, one of three Republicans in Lawrence's cabinet.

**HIGHWAY CONSTRUCTION**

The Highways Department spent nearly \$604 million for construction and \$240 million for maintenance in the four years.

To accomplish the building speedup, the gasoline tax was increased in 1961 from 5 to 7 cents a gallon and driver's license fees were doubled to \$2 and put on a two-year renewal basis in 1959.

Lawrence has been vague about his future plans, except to say he is going home to Pittsburgh and write a book.

He'll participate in the Scranton inaugural until after the oath is administered.

"Then," said Lawrence, "I think the polite thing to do is to leave."

## RUSSIAN OIL OUTPUT RISES 11 PER CENT

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—Tremendous Soviet Union oil reserves and rapidly growing output pose a real threat in the not too distant future to American oil companies.

U.S. oilmen say that the 11 per cent jump in Soviet oil output in 1962 was anticipated. It is far from welcome news as the Communist bloc continues to upset selected markets—for oil exports priced much lower than American companies can produce theirs.

Such exports, now around 650,000 barrels a day, should reach a million barrels a day by 1965, oilmen here say.

Already the Communists have captured 20 per cent of the Italian market, 18 per cent of the Swedish, and all of Iceland's. And while Italy has agreed to cut back, its forward commitments will keep the flow high for some time. Others may have the same trouble reducing their imports.

But the real threat lies in the huge reserves the Soviet Union could tap to offer a potential output of 14 million barrels a day by 1965, oilmen here say.

President M. J. Rathbone of Jersey Standard Oil puts the threat this way:

"In the present state of Soviet aggression, they mean to take over the world through economic and industrial domination. We have all been concerned greatly with the threats and alarms of Soviet military aggression. The threat of Soviet economic aggression is equally deadly."

**RAID U.S. MARKET**

How do the Soviets raid a market American oil companies once considered their own. One oil

executive here explains it thus: "They can set any price they like without regard to economic rules. They can set the price so low that a free economy can't compete."

They also use their oil as a medium of exchange, he points out. They often get paid in technology or in equipment which they can't produce. An example is steel pipe for the big oil lines they are building from their oil fields to Western Europe. The Soviets have had trouble turning out the right kind of pipe and have been buying it from England, Japan, West Germany and Italy.

The North Atlantic Treaty Organization has grown alarmed and is urging a halt to such sales. England has refused and oilmen here doubt if the Japanese will agree, but the Germans and Italians have promised to halt the buildup.

Puerto Rico has a population of 2,500,000, and they are crowded 727 to the square mile on the 110-mile-long island.

## NEED PROOF NOW INSTEAD OF ESTIMATES FOR TAX FORMS

**EDITOR'S NOTE** — The day is past when Uncle Sam foots the bill for shows, pleasure boats and lavish dining-out disguised as business costs. Proof must replace "reasonable estimates" of outlays for business travel, entertainment and gifts. This is the first of three articles on the new tax regulations.

**Expense Accounts — Part I**  
By **STERLING F. GREEN**  
WASHINGTON (AP) — Before bedtime on this first business day of the new year, several million Americans will be jotting down entries in a brand new 1963 expense diary.

Many are grumbling about this daily ritual inflicted on them by Congress and the Internal Revenue Service.

Comparatively few know, at this stage, exactly what's expected of them under the new law passed by Congress to squeeze the fun and profit out of "expense account living."

**NEW RULES**  
The IRS regulation which spells out the new rules for "T & E" — which is lawyers' shorthand for tax-deductible outlays for travel, entertainment and business gifts — took effect Tuesday.

The Internal Revenue commissioner, Mortimer M. Caplin, calls it "reasonable and practical." He also says it is "quite demanding" — stiff enough to "make expense account living a thing of the past."

Most taxpayers needn't worry. Only one out of 10 is affected — the one who claims T & E deductions on his income tax returns.

**STILL NO DEFINITE**  
Just what this paperwork must cover still isn't definite. The IRS is writing still more rules and will issue the next batch of regulations in February.

For a starter, here are basic guidelines:

Every taxpayer who expects to claim deductions for business, entertainment, travel or gifts on his 1963 tax return must keep a true, current and quite detailed record of such spending.

**"DIRECTLY RELATED"**

There is no arbitrary ceiling on travel or entertainment costs — you can deduct them if you can prove them. But they must be "directly related" to a business purpose, not just a general bid for business good will.

There is, however, an arbitrary limit for business gifts. Your presents can be as costly as you please, but you cannot take a deduction for more than \$25 in gifts to any one recipient in any one year.

And if you spend \$25 or more on a single item of travel or entertainment cost, you must keep a receipt or voucher to show the tax man if he demands it.

**MUST KEEP ACCOUNT**

You must maintain a diary, account book, expense statement, or other record to show all T & E outlays big or small. The entries must be made within a day or two of the expenditure, and must contain these substantiating details:

1. The amount.
2. The time and place of travel or entertainment, or the date and description of a gift.
3. The business purpose of the outlay.
4. The business relationship to you of the person entertained or given a present.

**MULTITUDE OF RULES**

There are a multitude of further rules, details, instructions, excep-

tions and elaborations. Some of these represent important changes from the tentative T & E regulation issued by IRS Nov. 8. That preliminary order was so severe that it brought hundreds of outraged businessmen pouring into Washington to give battle.

IRS softened the final regulation. For instance, it boosted from \$10 to \$25 the expenditure for which receipts or vouchers must be kept as proof.

But Caplin recognized that it would be asking the impossible to make taxpayers start toeing the mark as of Jan. 1, even though the regulation will apply to the full 1963 tax return.

Accordingly, he granted a 30-day "familiarization" period. Revenue agents were instructed to allow "reasonable tolerances" for this one month, for taxpayers who make a good-faith effort to comply as rapidly as possible.

For the thousands of business firms which face mechanical difficulties in changing their book-keeping, a 90-day grace period is given to companies which try in good-faith to achieve the earliest possible compliance.

This will afford time for corporations to prepare, print and distribute new forms and instructions for employees and branches around the world, re-program their electronic business machines and range for the handling and storage of piles of vouchers, receipts and expense statements which must be kept to satisfy the new vigilance of Uncle Sam.

## 3 YANKS KILLED AS REDS BLAST CARGO 'COPTER

By **PETER ARNETT**

SAIGON, South Viet Nam (AP) — Communist groundfire Wednesday blasted a fleet of U.S. helicopters flying government troops into battle. Three Americans — including an Army captain — were reported killed, and four others wounded.

It was the deadliest blow struck at the U.S. forces aiding President Ngo Dinh Diem's pro-Western government in the civil war against the Viet Cong.

Red gunners hit 14 of the 15 U.S. helicopters taking part in the mission in the Mekong delta, bringing down about eight aircraft.

South Vietnamese forces reportedly suffered an estimated 50 casualties.

The Communists, fighting at battalion strength of 400 men or more, stood and fought against relays of government fighter bombers striking at them instead of running for cover as the Reds usually do after an attack.

**FIGHTING RAGED**  
Hours after the helicopters were shot down, the fighting still raged 30 miles southwest of Saigon with guerrillas attacking in waves in an attempt to reach the downed aircraft.

All American casualties were reported evacuated under blistering automatic small arms and cannon fire.

Communist armor-piercing shells held up armored personnel carriers sent to relieve the defenders before the rescue was carried out.

There were no reports her on ground casualties but losses were believed heavy on both sides.

The Viet Cong sprung a trap on the government forces airlifted by the American helicopters for an attack along a tree-lined canal.

Returning crews said the Communists held their fire as the first groups of helicopters landed and then "all hell broke loose."

The government operation was launched early in the morning rice-field country bordering the Mekong River.

## ROCKEFELLER IS COURTING GOP SUPPORT

By JACK BELL

WASHINGTON (AP) — Gov. Nelson A. Rockefeller of New York has started courting Republicans of all shades of opinion in his obvious quest for the 1964 GOP presidential nomination.

Gov. George Romney of Michigan is playing it cool on whether he will be attracted later by the "greener pastures" of national office.

Gov.-elect William W. Scranton of Pennsylvania—who will have a further opportunity to sound off when he formally takes office Jan. 15—already has said he would not resist an "unlikely" draft for the nomination.

### HOPES FOR UNITY

That's the political rundown at the beginning of 1963 for the three Republicans most talked about as the possible GOP choice for undertaking what promises to be a Herculean attempt to oust Democrat John F. Kennedy from the presidency next year.

Rockefeller, taking in stride his second inauguration as governor, chose to spice his homily on the virtues of the American system with advice to Republicans to forget the labels which tend to divide them and to unite in a happy family.

Romney has made the same point in declining to classify himself as either a conservative or a liberal. Scranton has downgraded labels although he says if he had to accept one, it probably would be in the liberal category.

### SHAKING OFF LABEL

Rockefeller obviously has felt constrained for some time to try to shake off the liberal label generally pinned on him because of what he likes to call his "forward-looking Republicanism."

Whereas Romney talked in terms of solving Michigan's mountainous problems and Scranton may be under the same requirement to speak of Pennsylvania's ills, Rockefeller felt free to address himself to areas where there may be party opposition to his 1964 ambitions.

It could hardly be regarded as accidental if Rockefeller warmed former President Dwight D. Eisenhower with his observation that "the local community can justly appeal to the state for help in meeting its economic and social needs only if it does all in its own power to satisfy these human wants at the local level."

Eisenhower has kept his own counsel in the matter, but there is some suspicion that he might be more enthusiastically for Scranton—or even Romney—than for Rockefeller if the governors wound up bidding against each other for the nomination.

## SEEKS BODIES IN RUINS AT TERRE HAUTE

By JAMES R. POLK

TERRE HAUTE, Ind. (AP)—Crews with cranes dug into the rubble of a meat packing plant today in search of the bodies of four missing workers believed to have died with 12 others in a scalding explosion.

Fifty-five other workers were injured in the explosion that shot through the Home Packing Co. plant here Wednesday. Six were listed in critical condition.

"I had my left hand free," worker Gerald Fagg, 20, West Terre Haute, related afterward. "I kept digging, digging, and digging. There was a body right under me. I could feel the flesh move. Finally I dug a hole and saw a guy above me. I pinched him on his leg and wouldn't let him go."

### CAUSE UNCERTAIN

"I smelled something, a rotten smell, an awful, rotting smell," said Donald Melcho, 28, Terre Haute. "That was about 10 'til 7. A little after that it exploded."

Authorities today remained uncertain of the cause of the blast. Investigators were checking the possibility of a gas explosion.

Fire Chief Norman Fessler said, "The probable cause is uncertain and it'll probably stay that way."

### NURSES USE MASKS

More than 200 workers were inside the meat packing plant when the force ripped through the 55-year-old building, designated last month as a civil defense fallout shelter.

The crumbling rubble burst ammonia lines in the refrigerator unit in the basement and spread a stifling blanket over the area. Sister Justine at St. Anthony Hospital said, "We were all crying and coughing" from the ammonia coming from the lungs of the injured men rushed to the emergency ward.

Nurses donned respirator masks and oxygen equipment in order to treat the patients.

Equal parts of mayonnaise and sour cream make an excellent base for blue cheese salad dressing. If the dressing is thicker than you wish, after the cheese is finely mashed and added to the mayonnaise and sour cream moisture, thin with a little cream.
